O Lord my God, we continue the work You have given us; but the calendar days fly by and we know how much is ahead of us. After ascertaining the name and address of the owner and lienholder, if any, the department shall, within fifteen working days, notify the towing company. Any towing company which comes into possession of abandoned property pursuant to section 304.155 or 304.157 and who claims a lien for recovering, towing or storing abandoned property shall give notice to the title owner and to all persons claiming a lien thereon, as disclosed by the records of the department of revenue or of a corresponding agency in any other state. The towing company shall notify the owner and any lienholder within ten business days of the date of mailing indicated on the notice sent by the department of revenue, by certified mail, return receipt requested. The notice shall contain the following:

- (1) The name, address and telephone number of the storage facility;
- (2) The date, reason and place from which the abandoned property was removed;
- (3) A statement that the amount of the accrued towing, storage and administrative costs are the responsibility of the owner, and that storage and/or administrative costs will continue to accrue as a legal liability of the owner until the abandoned property is redeemed;
- (4) A statement that the storage firm claims a possessory lien for all such charges;
- (5) A statement that the owner or holder of a valid security interest of record may retake possession of the abandoned property at any time during business hours by proving ownership or rights to a secured interest and paying all towing and storage charges;
- (6) A statement that, should the owner consider that the towing or removal was improper or not legally justified, the owner has a right to request a hearing as provided in this section to contest the propriety of such towing or removal;
- (7) A statement that if the abandoned property remains unclaimed for thirty days from the date of mailing the notice, title to the abandoned property will be transferred to the person or firm in possession of the abandoned property free of all prior liens; and
- (8) A statement that any charges in excess of the value of the abandoned property at the time of such transfer shall remain a liability of the owner.

2. A towing company may only assess reasonable storage charges for abandoned property towed without the consent of the owner. Reasonable storage charges shall not exceed the charges for vehicles which have been towed with the consent of the owner on a negotiated basis. Storage charges may be assessed only for the time in which the towing company complies with the procedural requirements of sections 304.155 to 304.158.

3. In the event that the records of the department of revenue fail to disclose the name of the owner or any lienholder of record, the department shall notify the towing company which shall attempt to locate documents or other evidence of ownership on or within the abandoned property itself. The towing company must certify that a physical search of the abandoned property disclosed that no ownership documents were found and a good faith effort has been made. For purposes of this section, "good faith effort" means that the following checks have been performed by the company to establish the prior state of registration and title:

(1) Check of the abandoned property for any type of license plates, license plate record, temporary permit, inspection sticker, decal or other evidence which may indicate a state of possible registration and title;

(2) Check the law enforcement report for a license plate number or registration number if the abandoned property was towed at the request of a law enforcement agency;

(3) Check the tow ticket/report of the tow truck operator to see if a license plate was on the abandoned property at the beginning of the tow, if a private tow; and

(4) If there is no address of the owner on the impound report, check the law enforcement report to see if an out-of-state address is indicated on the driver license information.

4. If no ownership information is discovered, the director of revenue shall be notified in writing and title obtained in accordance with subsection 7 of this section.

5. (1) The owner of the abandoned property removed pursuant to the provisions of section 304.155 or 304.157 or any person claiming a lien, other than the towing company, within ten days after the receipt of notification from the towing company pursuant to subsection 1 of this section may file a petition in the associate circuit court in the county where the abandoned property is stored to determine if the abandoned property was wrongfully taken or withheld from the owner. The petition shall name the towing company among the defendants. The petition may also name the agency ordering the tow or the owner, lessee or agent of the real property from which the abandoned property was removed. The director of revenue shall not be a party to such petition but a copy of the petition shall be served on the director of revenue who shall not issue title to such abandoned property pursuant to this section until the petition is finally decided.

(2) Upon filing of a petition in the associate circuit court, the owner or lienholder may have the abandoned property released upon posting with the court a cash or surety bond or other adequate security equal to the amount of the charges for towing and storage to ensure the payment of such charges in the event he does not prevail. Upon the posting of the bond and the payment of the applicable fees, the court shall issue an order notifying the towing company of the posting of the bond and directing the towing company to release the abandoned property. At the time of such release, after reasonable inspection, the owner or lienholder shall give a receipt to the towing company reciting any claims for loss or damage to the abandoned property or the contents thereof.

(3) Upon determining the respective rights of the parties, the final order of the court shall provide for immediate payment in full of recovery, towing, and storage fees by the abandoned property owner or lienholder or the owner, lessee, or agent thereof of the real property from which the abandoned property was removed.

6. A towing and storage lien shall be enforced as provided in subsection 7 of this section.

7. Thirty days after the notification form has been mailed to the abandoned property owner and holder of a security agreement and the property is unredeemed and no satisfactory arrangement has been made with the lienholder in possession for continued storage, and the owner or holder of a security agreement has not requested a hearing as provided in subsection 5 of this section, the lienholder in possession may apply to the director of revenue for a

certificate. The application for title shall be accompanied by:

(1) An affidavit from the lienholder in possession that he has been in possession of the abandoned property for at least thirty days and the owner of the abandoned property or holder of a security agreement has not made arrangements for payment of towing and storage charges;

(2) An affidavit that the lienholder in possession has not been notified of any application for hearing as provided in this section;

(3) A copy of the abandoned property report or crime inquiry and inspection report;

(4) A copy of the thirty-day notice given by certified mail to any owner and person holding a valid security interest and a copy of the certified mail receipt indicating that the owner and lienholder of record was sent a notice as required in this section; and

(5) A copy of the envelope or mailing container showing the address and postal markings indicating that the notice was "not forwardable" or "address unknown".

8. If notice to the owner and holder of a security agreement has been returned marked "not forwardable" or "addressee unknown", the lienholder in possession shall comply with subsection 3 of this section.

9. Any municipality or county may adopt an ordinance regulating the removal and sale of abandoned property provided such ordinance is consistent with sections 304.155 to 304.158, **and, for a home rule city with more than four hundred thousand inhabitants and located in more than one county, includes the following provisions:**

(1) That the department of revenue records must be searched to determine the registered owner or lienholder of the abandoned property;

(4) That all other vehicles must be held no less than thirty days before they may be sold.

10. Any municipality or county which has physical possession of the abandoned property and which sells abandoned property in accordance with a local ordinance may transfer ownership by means of a bill of sale signed by the municipal or county clerk or deputy and sealed with the official municipal or county seal. Such bill of sale shall contain the make and model of the abandoned property, the complete abandoned property identification number and the odometer reading of the abandoned property if available and shall be lawful proof of ownership for any dealer registered under the provisions of section 301.218, RSMo, or section 301.560, RSMo, or for any other person. Any dealer or other person purchasing such property from a municipality or county shall apply within thirty days of purchase for a certificate. Anyone convicted of a violation of this section shall be guilty of an infraction.

11. Any persons who have towed abandoned property prior to August 28, 1996, may, until January 1, 2000, apply to the department of revenue for a certificate. The application shall be accompanied by:

(4) An inspection of the abandoned property as prescribed by the director; and

(5) A copy of the thirty-day notice given by certified mail to any owner and person holding a valid security interest of record and a copy of the certified mail receipt.

12. If the director is satisfied with the genuineness of the application and supporting documents submitted pursuant to this section, the director shall issue one of the following:

(1) An original certificate of title if the vehicle owner has obtained a vehicle examination certificate as provided in section 301.190, RSMo, which indicates that the vehicle was not previously in a salvaged condition or rebuilt;

(2) An original certificate of title designated as prior salvage if the vehicle examination certificate as provided in section 301.190, RSMo, indicates the vehicle was previously in a salvage condition or rebuilt;

(3) A salvage certificate of title designated with the words "salvage/abandoned property" or junking certificate based on the condition of the abandoned property as stated in the abandoned property report or crime inquiry and inspection report;

(4) Notwithstanding the provisions of section 301.573, RSMo, to the contrary, if satisfied with the genuineness of the application and supporting documents, the director shall issue an original title to abandoned property previously issued a salvage title as provided in this section, if the vehicle examination certificate as provided in section 301.190, RSMo, does not indicate the abandoned property was previously in a salvage condition or rebuilt.

13. If abandoned property is insured and the insurer of property regards the property as a total loss and the insurer satisfies a claim by the owner for the property, then the insurer or lienholder shall claim and remove the property from the storage facility or make arrangements to transfer the title, and such transfer of title subject to agreement shall be in complete satisfaction of all claims for towing and storage, to the towing company or storage facility. The owner of the abandoned vehicle, lienholder or insurer, to the extent the vehicle owner's insurance policy covers towing and storage charges, shall pay reasonable fees assessed by the towing company and storage facility. The property shall be claimed and removed or title transferred to the towing company or storage facility within thirty days of the date that the insurer paid a claim for the total loss of the property or is notified as to the location of the abandoned property, whichever is the later event. SENATE AMENDMENT NO. 19

Amend Senate Substitute for Senate Committee Substitute for Senate Bills Nos. 1233, 840 and 1043, Page 170, Section 304.157, Line 28, by inserting immediately after said line the following:

"307.366. 1. This enactment of the emissions inspection program is a mandate of the United States Congress pursuant to the federal Clean Air Act, as amended, 42 U.S.C. 7401, et seq. In any portion of an area designated by the governor as a nonattainment area, as defined in the federal Clean Air Act, as amended, 42 U.S.C.A. Section 7501, and located within the area described in subsection 1 of section 643.305, RSMo, certain motor vehicles shall be tested and approved prior to sale or transfer and biennially thereafter to determine that the emissions system is functioning within the emission standards as specified by the Missouri air conservation commission and as required to attain the national health standards for air quality. For such biennial testing, any such vehicle manufactured as an even-numbered model year vehicle shall be tested and approved in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be tested and approved in each odd-numbered calendar year. The motor vehicles to be tested shall be all motor vehicles except those specifically exempted pursuant to subdivisions (1) to (3) of subsection 1 of section 307.350 and those exempted pursuant to this section.

2. The provisions of this section shall not apply to:

- (1) Motor vehicles with a manufacturer's gross vehicle weight rating in excess of eight thousand five hundred pounds;
- (2) Motorcycles and motortricycles;
- (3) Model year vehicles **manufactured twenty-six years or more** prior to [1971] **the current model year**;
- (4) School buses;
- (5) Diesel-powered vehicles;
- (6) Motor vehicles registered in the area covered by this section but which are based and operated exclusively in an area of this state not subject to the provisions of this section if the owner of such vehicle presents to the director a sworn affidavit that the vehicle will be based and operated outside the covered area;
- (7) New and unused motor vehicles, of model years of the current calendar year and of any calendar year within two years of such calendar year, which have an odometer reading of less than six thousand miles at the time of original sale by a motor vehicle manufacturer or licensed motor vehicle dealer to the first user; and
- (8) Motor vehicles owned by a person who resides in a county of the first classification without a charter form of government with a population of less than one hundred thousand inhabitants according to the most recent decennial

census who has completed an emission inspection pursuant to section 643.315, RSMo.

Each official inspection station which conducts emissions inspections within the area referred to in subsection 1 of this section shall indicate the gross vehicle weight rating of the motor vehicle on the inspection certificate if the vehicle is exempt from the emissions inspection pursuant to subdivision (1) of this subsection.

3. (1) At the time of sale, a licensed motor vehicle dealer, as defined in section 301.550, RSMo, may choose to sell a motor vehicle subject to the inspection requirements of this section either:

- (a) With prior inspection and approval as provided in subdivision (2) of this subsection; or
- (b) Without prior inspection and approval as provided in subdivision (3) of this subsection.

(2) If the dealer chooses to sell the vehicle with prior inspection and approval, the dealer shall disclose, in writing, prior to sale, whether the vehicle obtained approval by meeting the emissions standards established pursuant to this section or by obtaining a waiver pursuant to subsection 6 of this section. A vehicle sold pursuant to this subdivision by a licensed motor vehicle dealer shall be inspected and approved within the one hundred twenty days immediately preceding the date of sale, and, for the purpose of registration of such vehicle, such inspection shall be considered timely.

(3) If the dealer chooses to sell the vehicle without prior inspection and approval, the purchaser may return the vehicle within ten days of the date of purchase, provided that the vehicle has no more than one thousand additional miles since the time of sale, if the vehicle fails, upon inspection, to meet the emissions standards specified by the commission and the dealer shall have the vehicle inspected and approved without the option for a waiver of the emissions standard and return the vehicle to the purchaser with a valid emissions certificate and sticker within five working days or the purchaser and dealer may enter into any other mutually acceptable agreement. If the dealer chooses to sell the vehicle without prior inspection and approval, the dealer shall disclose conspicuously on the sales contract and bill of sale that the purchaser has the option to return the vehicle within ten days, provided that the vehicle has no more than one thousand additional miles since the time of sale, to have the dealer repair the vehicle and provide an emissions certificate and sticker within five working days if the vehicle fails, upon inspection, to meet the emissions standards established by the commission, or enter into any mutually acceptable agreement with the dealer. A violation of this subsection shall be an unlawful practice as defined in section 407.020, RSMo. No

emissions inspection shall be required pursuant to this section for the sale of any motor vehicle which may be sold without a certificate of inspection and approval, as provided pursuant to subsection 2 of section 307.380.

4. A fee not to exceed twenty-four dollars may be charged for an automobile emissions and air pollution control inspection in order to attain the national health standards for air quality. Such fee shall be conspicuously posted on the premises of each such inspection station. The official emissions inspection station shall issue a certificate of inspection and an approval sticker or seal certifying the emissions system is functioning properly. The certificate or approval issued shall bear the legend: "This cost is mandated by your United States Congress." No owner shall be charged an additional fee after having corrected defects or unsafe conditions in the automobile's emissions and air pollution control system if the reinspection is completed within twenty consecutive days, excluding Saturdays, Sundays and holidays, and if such follow-up inspection is made by the station making the initial inspection.

5. The air conservation commission shall establish, by rule, a waiver amount which may be lower for older model vehicles and which shall be no greater than seventy-five dollars for model year vehicles prior to 1981 and no greater than two hundred dollars for model year vehicles of 1981 and all subsequent model years.

6. An owner whose vehicle fails upon reinspection to meet the emission standards specified by the Missouri air conservation commission shall be issued a certificate of inspection and an approval sticker or seal by the official emissions inspection station that provided the inspection if the vehicle owner furnishes a complete, signed affidavit

satisfying the requirements of this subsection and the cost of emissions repairs and adjustments is equal to or greater than the waiver amount established by the air conservation commission pursuant to this section. The air conservation commission shall establish, by rule, a form and a procedure for verifying that repair and adjustment was performed on a failing vehicle prior to the granting of a waiver and approval. The waiver form established pursuant to this subsection shall be an affidavit requiring:

(1) A statement signed by the repairer that the specified work was done and stating the itemized charges for the work; and

(2) A statement signed by the inspector that an inspection of the vehicle verified, to the extent practical, that the specified work was done.

7. The department of revenue shall require evidence of the inspection and approval required by this section in issuing the motor vehicle annual registration in conformity with the procedure required by sections 307.350 to 307.370.

8. Each emissions inspection station located in the area described in subsection 1 of this section shall purchase from the highway patrol sufficient forms and stickers or other devices to evidence approval of the motor vehicle's emissions control system. In addition, emissions inspection stations may be required to purchase forms for use in automated analyzers from outside vendors of the inspection station's choice. The forms must comply with state regulations.

9. In addition to the fee collected by the superintendent pursuant to subsection 5 of section 307.365, the highway patrol shall collect a fee of seventy-five cents for each automobile emissions certificate issued to the applicable official emissions inspection stations, except that no charge shall be made for certificates of inspection issued to official emissions inspection stations operated by governmental entities. All fees collected by the superintendent pursuant to this section shall be deposited in the state treasury to the credit of the "Missouri Air Pollution Control Fund", which is hereby created.

10. The moneys collected and deposited in the Missouri air pollution control fund pursuant to this section shall be allocated on an equal basis to the Missouri state highway patrol and the Missouri department of natural resources, air pollution control program, and shall be expended subject to appropriation by the general assembly for the administration and enforcement of sections 307.350 to 307.390. The unexpended balance in the fund at the end of each appropriation period shall not be transferred to the general revenue fund, except as directed by the general assembly by appropriation, and the provisions of section 33.080, RSMo, relating to the transfer of funds to the general revenue fund at the end of the biennium, shall not apply to this fund. The moneys in the fund shall be invested by the treasurer as provided by law, and the interest shall be credited to the fund.

11. The superintendent of the Missouri state highway patrol shall issue such rules and regulations as are necessary to determine whether a motor vehicle's emissions control system is operating as required by subsection 1 of this section, and the superintendent and the state highways and transportation commission shall use their best efforts to seek federal funds from which reimbursement grants may be made to those official inspection stations which acquire and use the necessary testing equipment which will be required to perform the tests required by the provisions of this section.

12. The provisions of this section shall not apply in any county for any time period during which the air conservation commission has established a motor vehicle emissions inspection program pursuant to sections 643.300 to 643.355, RSMo, for such county, except where motor vehicle owners have the option of biennial testing pursuant to chapter 643, RSMo. In counties where such option is available, the emissions inspection may be conducted in stations conducting only an emissions inspection under contract to the state.

13. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed a class C misdemeanor."; and

Further amend said bill, Page 179, Section 622.095, Line 8 of said page, by inserting after all of said line the following:

A vehicle sold pursuant to this subdivision by a licensed motor vehicle dealer shall be inspected and approved within the one hundred twenty days immediately preceding the date of sale, and, for the purpose of registration of such vehicle, such inspection shall be considered timely.

(3) If the dealer chooses to sell the vehicle without prior inspection and approval, the purchaser may return the vehicle within ten days of the date of purchase, provided that the vehicle has no more than one thousand additional miles since the time of sale, if the vehicle fails, upon inspection, to meet the emissions standards specified by the commission and the dealer shall have the vehicle inspected and approved without the option for a waiver of the emissions standard and return the vehicle to the purchaser with a valid emissions certificate and sticker within five working days or the purchaser and dealer may enter into any other mutually acceptable agreement. If the dealer chooses to sell the vehicle without prior inspection and approval, the dealer shall disclose conspicuously on the sales contract and bill of sale that the purchaser has the option to return the vehicle within ten days, provided that the vehicle has no more than one thousand additional miles since the time of sale, to have the dealer repair the vehicle and provide an emissions certificate and sticker within five working days if the vehicle fails, upon inspection, to meet the emissions standards established by the commission, or enter into any mutually acceptable agreement with the dealer. RESOLUTIONS

Reported from Committee

Journal of the Senate

SECOND REGULAR SESSION

FORTY-FIFTH DAY--WEDNESDAY, MARCH 31, 2004

The Senate met pursuant to adjournment.

Senator Shields in the Chair.

Reverend Carl Gauck offered the following prayer:

"Peace is my parting gift to you, my own peace such as the world cannot give. Set your troubled hearts at rest, and banish all your fears." (John 14:27)

Merciful God, we begin this day aware that yet six more American soldiers died, bringing our dead to over six hundred in Iraq alone. We ask that You will comfort the families of the military and the civilians who have died and the many more wounded that they may rest their troubled hearts in You and bless all those who are put in harms way. We pray that we may be instruments of Your peace here and abroad and find ways to put an end to this conflict. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 856, Section 287.140, Pages 26-34, Line 25, by repealing same, and enacting in lieu thereof the following:

"287.140. 1. In addition to all other compensation, the employee shall receive and the employer shall provide such medical, surgical, chiropractic, and hospital treatment, including nursing, custodial, ambulance and medicines, as may reasonably be required after the injury or disability, to cure and relieve from the effects of the injury. If the employee desires, he shall have the right to select his own physician, surgeon, or other such requirement at [his own] **the employer's expense, provided that the employee notifies the employer of such selection before examination.** Where the requirements are furnished by a public hospital or other institution, payment therefor shall be made to the proper authorities. Regardless of whether the health care provider is selected by the employer or is selected by the employee [at the employee's expense], the health care provider shall have the affirmative duty to communicate fully with the employee regarding the nature of the employee's injury and recommended treatment [exclusive of] **including** any evaluation for a permanent disability rating. Failure to perform such duty to communicate shall constitute a disciplinary violation by the provider subject to the provisions of chapter 620, RSMo. When an employee [is required to] submits to medical examinations or necessary medical treatment [at a place outside of the local or metropolitan area from the place of injury or the place of his residence], the employer or its insurer shall advance or reimburse the employee for all necessary and reasonable expenses; **including mileage at the maximum rate per mile allowed by the Internal Revenue Service at the time that the mileage is incurred,** except that an injured employee who resides outside the state of Missouri and who is employed by an employer located in Missouri shall have the option of selecting the location of services provided in this section either at a location within one hundred miles of the injured employee's residence, place of injury or place of hire by the employer. [The choice of provider within the location selected shall continue to be made by the employer.] In case of a medical examination if a dispute arises as to what expenses shall be paid by the employer, the matter shall be presented to the legal advisor, the administrative law judge or the commission, who shall set the sum to be paid and same shall be paid by the employer prior to the medical examination. [In no event, however, shall the employer or its insurer be required to pay transportation costs for a greater distance than two hundred fifty miles each way from place of treatment.] In addition to all other payments authorized or mandated under this subsection, when an employee who has returned to full-time employment is required to submit to a medical examination for the purpose of evaluating permanent disability, or to undergo physical rehabilitation, the employer or its insurer shall pay a proportionate weekly compensation benefit based on the provisions of section 287.180 for such wages that are lost due to time spent undergoing such medical examinations or physical rehabilitation, except that where the employee is undergoing physical rehabilitation, such proportionate weekly compensation benefit payment shall be limited to a time period of no more than twenty weeks. For purposes of this subsection only, "physical rehabilitation" shall mean the restoration of the seriously injured person as soon as

possible and as nearly as possible to a condition of self-support and maintenance as an able-bodied worker. Determination as to what care and restoration constitutes physical rehabilitation shall be the sole province of the treating physician. Should the employer or its insurer contest the determination of the treating physician, then the director shall review the case at question and issue his determination. Such determination by the director shall be appealable like any other finding of the director or the division. Serious injury includes, but is not limited to, quadriplegia, paraplegia, amputations of hand, arm, foot or leg, atrophy due to nerve injury or nonuse, and back injuries not amenable alone to recognized medical and surgical procedures.

2. If it be shown to the division or the commission that the requirements are being furnished in such manner that there is reasonable ground for believing that the life, health, or recovery of the employee is endangered thereby, the division or the commission may order a change in the physician, surgeon, hospital or other requirement.

3. All fees and charges under this chapter shall be fair and reasonable, shall be subject to regulation by the division or the commission, or the board of rehabilitation in rehabilitation cases. A health care provider shall not charge a fee for treatment and care which is governed by the provisions of this chapter greater than the usual and customary fee the provider receives for the same treatment or service when the payor for such treatment or service is a private individual or a private health insurance carrier. The division or the commission, or the board of rehabilitation in rehabilitation cases, shall also have jurisdiction to hear and determine all disputes as to such charges. A health care provider is bound by the determination upon the reasonableness of health care bills.

4. The division shall, by regulation, establish methods to resolve disputes concerning the reasonableness of medical charges, services, or aids. This regulation shall govern resolution of disputes between employers and medical providers over fees charged, whether or not paid, and shall be in lieu of any other administrative procedure under this chapter. The employee shall not be a party to a dispute over medical charges, nor shall the employee's recovery in any way be jeopardized because of such dispute.

5. No compensation shall be payable for the death or disability of an employee, if and insofar as the death or disability may be caused, continued or aggravated by any unreasonable refusal to submit to any medical or surgical treatment or operation, the risk of which is, in the opinion of the division or the commission, inconsiderable in view of the seriousness of the injury. If the employee dies as a result of an operation made necessary by the injury, the death shall be deemed to be caused by the injury.

6. The testimony of any physician or chiropractic physician who treated the employee shall be admissible in evidence in any proceedings for compensation under this chapter, subject to all of the provisions of section 287.210.

7. Every hospital or other person furnishing the employee with medical aid shall permit its record to be copied by and shall furnish full information to the division or the commission, the employer, the employee or his dependents and any other party to any proceedings for compensation under this chapter, and certified copies of the records shall be admissible in evidence in any such proceedings.

8. The employer may be required by the division or the commission to furnish an injured employee with artificial legs, arms, hands, surgical orthopedic joints, or eyes, or braces, as needed, for life whenever the division or the commission shall find that the injured employee may be partially or wholly relieved of the effects of a permanent injury by the use thereof. The director of the division shall establish a procedure whereby a claim for compensation may be reactivated after settlement of such claim is completed. The claim shall be reactivated only after the claimant can show good cause for the reactivation of this claim and the claim shall be made only for the payment of medical procedures involving life-threatening surgical procedures or if the claimant requires the use of a new, or the modification, alteration or exchange of an existing, prosthetic device. For the purpose of this subsection, "life threatening" shall mean a situation or condition which, if not treated immediately, will likely result in the death of the injured worker.

9. Nothing in this chapter shall prevent an employee being provided treatment for his injuries by prayer or spiritual means if the employer does not object to the treatment.

10. The employee shall have the right to select the licensed treating physician, surgeon, chiropractic physician, or other health care provider; provided, however, that such physicians, surgeons or other health care providers shall offer

only those services authorized within the scope of their licenses. [For the purpose of this subsection, subsection 2 of section 287.030 shall not apply.]

11. Any physician or other health care provider who orders, directs or refers a patient for treatment, testing, therapy or rehabilitation at any institution or facility shall, at or prior to the time of the referral, disclose in writing if such health care provider, any of his partners or his employer has a financial interest in the institution or facility to which the patient is being referred, to the following:

- (1) The patient;
- (2) The employer of the patient with workers' compensation liability for the injury or disease being treated;
- (3) The workers' compensation insurer of such employer; and
- (4) The workers' compensation adjusting company for such insurer.

12. Violation of subsection 11 of this section is a class A misdemeanor.

13. (1) No hospital, physician or other health care provider, other than a hospital, physician or health care provider [selected by the employee at his own expense pursuant to subsection 1 of this section], shall bill or attempt to collect any fee or any portion of a fee for services rendered to an employee due to a work-related injury or report to any credit reporting agency any failure of the employee to make such payment, when an injury covered by this chapter has occurred and such hospital, physician or health care provider has received actual notice given in writing by the

employee, the employer or the employer's insurer. Actual notice shall be deemed received by the hospital, physician or health care provider five days after mailing by certified mail by the employer or insurer to the hospital, physician or health care provider.

(2) The notice shall include:

- (a) The name of the employer;
- (b) The name of the insurer, if known;
- (c) The name of the employee receiving the services;
- (d) The general nature of the injury, if known; and
- (e) Where a claim has been filed, the claim number, if known.

(3) When an injury is found to be noncompensable under this chapter, the hospital, physician or other health care provider shall be entitled to pursue the employee for any unpaid portion of the fee or other charges for authorized services provided to the employee. Any applicable statute of limitations for an action for such fees or other charges shall be tolled from the time notice is given to the division by a hospital, physician or other health care provider pursuant to subdivision (6) of this subsection, until a determination of noncompensability in regard to the injury which is the basis of such services is made, or in the event there is an appeal to the labor and industrial relations commission, until a decision is rendered by that commission.

(4) If a hospital, physician or other health care provider or a debt collector on behalf of such hospital, physician or other health care provider pursues any action to collect from an employee after such notice is properly given, the employee shall have a cause of action against the hospital, physician or other health care provider for actual damages sustained plus up to one thousand dollars in additional damages, costs and reasonable attorney's fees.

(5) If an employer or insurer fails to make payment for authorized services provided to the employee by a hospital, physician or other health care provider pursuant to this chapter, the hospital, physician or other health care provider may proceed pursuant to subsection 4 of this section with a dispute against the employer or insurer for any fees or

other charges for services provided.

(6) A hospital, physician or other health care provider whose services have been authorized in advance by the employer or insurer may give notice to the division of any claim for fees or other charges for services provided for a work-related injury that is covered by this chapter, with copies of the notice to the employee, employer and the employer's insurer. Where such notice has been filed, the administrative law judge may order direct payment from the proceeds of any settlement or award to the hospital, physician or other health care provider for such fees as are determined by the division. The notice shall be on a form prescribed by the division."; and

Further amend the title and enacting clause accordingly.

In Your Holy Name we pray. Amen.

"135.163. 1. For all tax years beginning on or after January 1, 2005, in order to encourage the retention of physicians and other health care providers in this state, an eligible taxpayer shall be allowed a credit not to exceed fifteen thousand dollars per eligible taxpayer against the tax otherwise due pursuant to chapter 143, RSMo, not including sections 143.191 to 143.265, RSMo, in an amount equal to fifteen percent of the increase in amount paid by an eligible taxpayer for medical malpractice insurance premiums in the aggregate from one policy period to the next immediate policy period. For purposes of this section, the base policy period for calculation of the credit shall be the medical malpractice insurance policy in effect on August 28, 2004.

2. The tax credit allowed by this section shall be claimed by the taxpayer at the time such taxpayer files a return. Any amount of tax credit which exceeds the tax due shall be carried over to any of the next five subsequent taxable years, but shall not be refunded and shall not be transferable.

3. The director of the department of insurance and the director of the department of revenue shall jointly administer the tax credit authorized by this section. The director of the department of insurance shall enact procedures to verify the amount of the allowable credit and shall issue a certificate to each eligible taxpayer that certifies the amount of the allowable credit. Both the director of the department of insurance and the director of the department of revenue are authorized to promulgate rules and regulations necessary to administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

4. The tax credits issued pursuant to this section shall not exceed a total for all tax credits issued of fifteen million dollars per fiscal year.

379.316. 1. Section 379.017 and sections 379.316 to 379.361 apply to insurance companies incorporated pursuant to sections 379.035 to 379.355, section 379.080, sections 379.060 to 379.075, sections 379.085 to 379.095, sections 379.205 to 379.310, and to insurance companies of a similar type incorporated pursuant to the laws of any other state of the United States, and alien insurers licensed to do business in this state, which transact fire and allied lines, marine and inland marine insurance, to any and all combinations of the foregoing or parts thereof, and to the combination of fire insurance with other types of insurance within one policy form at a single premium, on risks or operations in this state, except:

- (1) Reinsurance, other than joint reinsurance to the extent stated in section 379.331;

- (5) All forms of life, accident and health, [and] workers' compensation insurance, **and medical malpractice liability insurance.**

2. Inland marine insurance shall be deemed to include insurance now or hereafter defined by statute, or by interpretation thereof, or if not so defined or interpreted, by ruling of the director, or as established by general custom of the business, as inland marine insurance.

3. Commercial property and commercial casualty insurance policies are subject to rate and form filing requirements as provided in section 379.321.

(3) "Director" [means], the director of the department of insurance;

[(3)] (4) "Health care provider" includes physicians, dentists, clinical psychologists, pharmacists, optometrists, podiatrists, registered nurses, physicians' assistants, chiropractors, physical therapists, nurse anesthetists, anesthetists, emergency medical technicians, hospitals, nursing homes and extended care facilities; but shall not include any nursing service or nursing facility conducted by and for those who rely upon treatment by spiritual means alone in accordance with the creed or tenets of any well-recognized church or religious denomination;

383.151. When the department determines after a public hearing that medical malpractice liability insurance is not reasonably available for health care providers in the voluntary market, the director shall establish a method for providing such insurance to such health care providers. The director may:

- (1) Establish a competitive bidding process under which insurers may submit rates at which they agree to insure such health care providers; or**
- (2) Establish any other method reasonably designed to provide insurance to such health care providers.**

383.200. 1. As used in sections 383.200 to 383.225, the following terms mean:

- (1) "Director", the same meaning as such term is defined in section 383.100;**
- (2) "Health care provider", the same meaning as such term is defined in section 383.100;**
- (3) "Insurer", an insurance company licensed in this state to write liability insurance, as described in section 379.010, RSMo;**
- (4) "Medical malpractice insurance", the same meaning as such term is defined in section 383.200.**

2. The following standards and procedures shall apply to the making and use of rates pertaining to all classes of medical malpractice insurance:

- (1) Rates shall not be excessive, inadequate, or unfairly discriminatory. A rate is excessive if it is unreasonably high for the insurance provided. A rate is inadequate if it is unreasonably low for the insurance provided and continued use of it would endanger the solvency of the company. A rate is unfairly discriminatory if it does not reflect equitably differences in reasonably expected losses and expenses;**
- (2) (a) Every insurer that desires to increase a rate by less than fifteen percent shall file such rate, along with data supporting the rate change as prescribed by the director, no later than thirty days after such rate becomes effective. Filings under this paragraph shall not be subject to approval or disapproval by the director.**
(b) Every insurer that desires to increase a rate by fifteen percent or more shall submit a complete rate application to the director. A complete rate application shall include all data supporting the proposed rate and such other information as the director may require. The applicant shall have the burden of proving that the requested rate change is justified and meets the requirements of this act.
(c) Every insurer that has filed a rate increase under paragraph (a) of this subdivision for two consecutive years and in the third year desires to file a rate increase which in the aggregate over the three-year period will equal

or exceed a total rate increase of forty percent or more shall be required to submit a complete rate application under paragraph (b) of this subdivision.

(d) Every insurer that has not filed or had a rate increase approved for three consecutive years may file a rate increase in the fourth year in an amount not to exceed a twenty-five percent increase without being required to submit a complete rate application under paragraph (b) of this subdivision;

(3) The director of insurance shall promulgate rules setting forth standards that insurers shall adhere to in calculating their rates. Such rules shall:

(a) Establish a range within which an expected rate of return shall be presumed reasonable;

(b) Establish a range within which categories of expenses shall be presumed reasonable;

(c) Establish a range for the number of years of experience an insurer may consider in determining an appropriate loss development factor;

(d) Establish a range for the number of years of experience an insurer may consider in determining an appropriate trend factor;

(e) Establish a range for the number of years of experience an insurer may consider in determining an appropriate increased limits factor;

(f) Establish the proper weights to be given to different years of experience;

(g) Establish the extent to which an insurer may apply its subjective judgment in projecting past cost data into the future;

(h) Establish any other standard deemed reasonable and appropriate by the director;

(4) The director shall require an insurer to submit with any rate change application:

(a) A comparison, in a form prescribed by the director, between the insurer's initial projected incurred losses and its ultimate incurred losses for the eight most recent policy years for which such data is available;

(b) A memorandum explaining the methodology the insurer has used to reflect the total investment income it reasonably expects to earn on all its assets during the period the proposed rate is to be in effect. The director shall disapprove any rate application that does not fully reflect all such income;

(5) The director shall notify the public of any application from an insurer seeking a rate increase of fifteen percent or more, and shall hold a hearing on such application within forty-five days of such notice. The application shall be deemed approved ninety days after such notice unless it is disapproved by the director after the hearing;

(6) If after a hearing the director finds any rate of an insurer to be excessive, the director may order that the insurer discontinue the use of the rate and that the insurer refund the excessive portion of the rate to any policyholder who has paid such rate. The director shall not be required to find that a reasonable degree of competition does not exist to find a rate excessive.

3. For insurers required to file pursuant to paragraph (b) of subdivision (2) of subsection 2 of this section, if there is insufficient experience within the state of Missouri upon which a rate can be based with respect to the classification to which such rate is applicable, the director may approve a rate increase that considers experiences within any other state or states which have a similar cost of claim and frequency of claim experience as this state. If there is insufficient experience within Missouri or any other states which have similar cost of claim and frequency of claim experience as Missouri, nationwide experience may be considered. The insurer in

its rate increase filing shall expressly show the rate experience it is using.

4. All information provided to the director under this section shall be available for public inspection.

5. The remedies set forth in this chapter shall be in addition to any other remedies available under statutory or common law.

6. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

383.205. For all medical malpractice insurance policies written for insureds in the state of Missouri, the ratio between the base rate of the highest-rated specialty and the base rate of the lowest-rated specialty shall be no more than a ratio of six-to-one.

383.210. In determining the premium paid by any health care provider, a medical malpractice insurer shall apply a credit or debit based on the provider's loss experience, or shall establish an alternative method giving due consideration to the provider's loss experience. The insurer shall include a schedule of all such credits and debits, or a description of such alternative method in all filings it makes with the director of insurance. No medical malpractice insurer may use any rate or charge any premiums unless it has filed such schedule or alternative method with the director of insurance and the director has approved such schedule or alternative method. A debit shall be based only on those claims that have been paid on behalf of the provider.

383.215. On or before March first of each year, every insurer providing medical malpractice insurance to a health care provider shall file the following information with the director of insurance:

6. Any action, local or transitory, in which any county shall be plaintiff, may be commenced and prosecuted to final judgment in the county in which the defendant or defendants reside, or in the county suing and where the defendants, or one of them, may be found.

7. In all actions process therein shall be issued by the court of such county and may be served in any county within the state.

8. In any action for defamation or for invasion of privacy the cause of action shall be deemed to have accrued in the county in which the defamation or invasion was first published.

9. In all actions venue shall be determined as of the date the cause of action accrued.

10. All motions to dismiss or to transfer based upon a claim of improper venue shall be deemed granted if not denied within ninety days of filing of the motion unless such time period is waived in writing by all parties.

510.263. 1. All actions tried before a jury involving punitive damages, including tort actions based upon improper health care, shall be conducted in a bifurcated trial before the same jury if requested by any party.

2. In the first stage of a bifurcated trial, in which the issue of punitive damages is submissible, the jury shall determine liability for compensatory damages, the amount of compensatory damages, including nominal damages, and the liability of a defendant for punitive damages. Evidence of defendant's financial condition shall not be admissible in the first stage of such trial unless admissible for a proper purpose other than the amount of punitive damages.

3. If during the first stage of a bifurcated trial the jury determines that a defendant is liable for punitive damages, that jury shall determine, in a second stage of trial, the amount of punitive damages to be awarded against such defendant. Evidence of such defendant's net worth shall be admissible during the second stage of such trial.

4. Within the time for filing a motion for new trial, a defendant may file a post-trial motion requesting the amount awarded by the jury as punitive damages be credited by the court with amounts previously paid by the defendant for punitive damages arising out of the same conduct on which the imposition of punitive damages is based. At any hearing, the burden on all issues relating to such a credit shall be on the defendant and either party may introduce relevant evidence on such motion. Such a motion shall be determined by the trial court within the time and according to procedures applicable to motions for new trial. If the trial court sustains such a motion the trial court shall credit the jury award of punitive damages by the amount found by the trial court to have been previously paid by the defendant arising out of the same conduct and enter judgment accordingly. If the defendant fails to establish entitlement to a credit under the provisions of this section, or the trial court finds from the evidence that the defendant's conduct out of which the prior punitive damages award arose was not the same conduct on which the imposition of punitive damages is based in the pending action, or the trial court finds the defendant unreasonably continued the conduct after acquiring actual knowledge of the dangerous

nature of such conduct, the trial court shall disallow such credit, or, if the trial court finds that the laws regarding punitive damages in the state in which the prior award of punitive damages was entered substantially and materially deviate from the law of the state of Missouri and that the nature of such deviation provides good cause for disallowance of the credit based on the public policy of Missouri, then the trial court may disallow all or any part of the credit provided by this section.

5. The credit allowable under this section shall not apply to causes of action for libel, slander, assault, battery, false imprisonment, criminal conversation, malicious prosecution or fraud.

6. The doctrines of remittitur and additur, based on the trial judge's assessment of the totality of the surrounding circumstances, shall apply to punitive damage awards.

7. As used in this section, the term "punitive damage award" means an award for punitive or exemplary damages or an award for aggravating circumstances.

8. Discovery as to a defendant's assets shall be allowed only after a finding by the trial court that it is more likely than not that the plaintiff will be able to present a submissible case to the trier of fact on the plaintiff's claim of punitive damages.

537.035. 1. As used in this section, unless the context clearly indicates otherwise, the following words and terms shall have the meanings indicated:

5. The provisions of subsection 4 of this section limiting discovery and admissibility of testimony as well as the proceedings, findings, records, and minutes of peer review committees do not apply in any judicial or administrative action brought by a peer review committee or the legal entity which formed or within which such committee operates to deny, restrict, or revoke the hospital staff privileges or license to practice of a physician or other health care providers; or when a member, employee, or agent of the peer review committee or the legal entity which formed such committee or within which such committee operates is sued for actions taken by such committee which operate to deny, restrict or revoke the hospital staff privileges or license to practice of a physician or other health care provider.

6. Nothing in this section shall limit authority otherwise provided by law of a health care licensing board of the state of Missouri to obtain information by subpoena or other authorized process from peer review committees or to require disclosure of otherwise confidential information relating to matters and investigations within the jurisdiction of such health care licensing boards.

537.067. A defendant may not be jointly or severally liable for more than the percentage of punitive damages for which fault is attributed to such defendant by the trier of fact.**

[(3)] (4) "Health care provider" includes physicians, dentists, clinical psychologists, pharmacists, optometrists, podiatrists, registered nurses, physicians' assistants, chiropractors, physical therapists, nurse anesthetists, anesthetists, emergency medical technicians, hospitals, nursing homes and extended care facilities; but shall not include any nursing service or nursing facility conducted by and for those who rely upon treatment by spiritual means alone in accordance with the creed or tenets of any well-recognized church or religious denomination;

When the department determines after a public hearing that medical malpractice liability insurance is not reasonably available for health care providers in the voluntary market, the director shall establish a method for providing such insurance to such health care providers. The director may:

(1) Establish a competitive bidding process under which insurers may submit rates at which they agree to insure such health care providers; or

(2) Establish any other method reasonably designed to provide insurance to such health care providers.

383.200. 1. As used in sections 383.200 to 383.225, the following terms mean:

(1) "Director", the same meaning as such term is defined in section 383.100;

(4) "Medical malpractice insurance", the same meaning as such term is defined in section 383.200.

2. The following standards and procedures shall apply to the making and use of rates pertaining to all classes of medical malpractice insurance:

(1) Rates shall not be excessive, inadequate, or unfairly discriminatory. A rate is excessive if it is unreasonably high for the insurance provided. A rate is inadequate if it is unreasonably low for the insurance provided and continued use of it would endanger the solvency of the company. A rate is unfairly discriminatory if it does not reflect equitably differences in reasonably expected losses and expenses;

(2) (a) Every insurer that desires to increase a rate by less than fifteen percent shall file such rate, along with data supporting the rate change as prescribed by the director, no later than thirty days after such rate becomes effective. Filings under this paragraph shall not be subject to approval or disapproval by the director.

(b) Every insurer that desires to increase a rate by fifteen percent or more shall submit a complete rate application to the director. A complete rate application shall include all data supporting the proposed rate and such other information as the director may require. The applicant shall have the burden of proving that the requested rate change is justified and meets the requirements of this act.

(c) Every insurer that has filed a rate increase under paragraph (a) of this subdivision for two consecutive years and in the third year desires to file a rate increase which in the aggregate over the three-year period will equal or exceed a total rate increase of forty percent or more shall be required to submit a complete rate application under paragraph (b) of this subdivision.

(d) Every insurer that has not filed or had a rate increase approved for three consecutive years may file a rate increase in the fourth year in an amount not to exceed a twenty-five percent increase without being required to submit a complete rate application under paragraph (b) of this subdivision;

(3) The director of insurance shall promulgate rules setting forth standards that insurers shall adhere to in calculating their rates. Such rules shall:

(a) Establish a range within which an expected rate of return shall be presumed reasonable;

(b) Establish a range within which categories of expenses shall be presumed reasonable;

(c) Establish a range for the number of years of experience an insurer may consider in determining an appropriate loss development factor;

(d) Establish a range for the number of years of experience an insurer may consider in determining an appropriate trend factor;

(e) Establish a range for the number of years of experience an insurer may consider in determining an appropriate increased limits factor;

(f) Establish the proper weights to be given to different years of experience;

(g) Establish the extent to which an insurer may apply its subjective judgment in projecting past cost data into the future;

(h) Establish any other standard deemed reasonable and appropriate by the director;

(4) The director shall require an insurer to submit with any rate change application:

(a) A comparison, in a form prescribed by the director, between the insurer's initial projected incurred losses and its ultimate incurred losses for the eight most recent policy years for which such data is available;

(b) A memorandum explaining the methodology the insurer has used to reflect the total investment income it reasonably expects to earn on all its assets during the period the proposed rate is to be in effect. The director shall disapprove any rate application that does not fully reflect all such income;

(5) The director shall notify the public of any application from an insurer seeking a rate increase of fifteen percent or more, and shall hold a hearing on such application within forty-five days of such notice. The application shall be deemed approved ninety days after such notice unless it is disapproved by the director after the hearing;

(6) If after a hearing the director finds any rate of an insurer to be excessive, the director may order that the insurer discontinue the use of the rate and that the insurer refund the excessive portion of the rate to any policyholder who has paid such rate. The director shall not be required to find that a reasonable degree of competition does not exist to find a rate excessive.

3. For insurers required to file pursuant to paragraph (b) of subdivision (2) of subsection 2 of this section, if there is insufficient experience within the state of Missouri upon which a rate can be based with respect to the classification to which such rate is applicable, the director may approve a rate increase that considers experiences within any other state or states which have a similar cost of claim and frequency of claim experience

as this state. If there is insufficient experience within Missouri or any other states which have similar cost of claim and frequency of claim experience as Missouri, nationwide experience may be considered. The insurer in its rate increase filing shall expressly show the rate experience it is using.

4. All information provided to the director under this section shall be available for public inspection.

5. The remedies set forth in this chapter shall be in addition to any other remedies available under statutory or common law.

6. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

383.210. In determining the premium paid by any health care provider, a medical malpractice insurer shall apply a credit or debit based on the provider's loss experience, or shall establish an alternative method giving due consideration to the provider's loss experience. The insurer shall include a schedule of all such credits and debits, or a description of such alternative method in all filings it makes with the director of insurance. No medical malpractice insurer may use any rate or charge any premiums unless it has filed such schedule or alternative method with the director of insurance and the director has approved such schedule or alternative method. A debit shall be based only on those claims that have been paid on behalf of the provider.

There shall also be established within the board of registration in medicine a risk management unit. Said risk management unit shall provide technical assistance and quality assurance programs designed to reduce or stabilize the frequency, amount and costs of claims against physicians and hospitals licensed or registered in the commonwealth. The board shall promulgate regulations requiring physicians to participate in risk management programs as a condition of licensure; provided that such regulations shall provide for an exemption from such requirements for physicians who are participating in pre-existing risk management programs that have been

approved by the board.

There shall be established within the board of registration in medicine a data repository which will be responsible for the compilation of all data required under sections five A to five J, inclusive, and any other law or regulation which requires that information be reported to the board.

The board shall collect the following information to create individual profiles on licensees, in a format created by the board that shall be available for dissemination to the public:

(a) a description of any criminal convictions for felonies and serious misdemeanors as determined by the board, within the most recent ten years. For the purposes of this subsection, a

person shall be deemed to be convicted of a crime if he pleaded guilty or if he was found or adjudged guilty by a court of competent jurisdiction;

(b) a description of any charges to which a physician pleads nolo contendere or where sufficient facts of guilt were found and the matter was continued without a finding by a court of competent jurisdiction;

(c) a description of any final board disciplinary actions within the most recent ten years;

(d) a description of any final disciplinary actions by licensing boards in other states within the most recent ten years;

(e) a description of revocation or involuntary restriction of hospital privileges for reasons related to competence or character that have been taken by the hospital's governing body or any other official of the hospital after procedural due process has been afforded, or the resignation from or nonrenewal of medical staff membership or the restriction of privileges at a hospital taken in lieu of or in settlement of a pending disciplinary case related to competence or character in that hospital. Only cases which have occurred within the most recent ten years shall be disclosed by the board to the public;

(f) all medical malpractice court judgments and all medical malpractice arbitration awards in which a payment is awarded to a complaining party during the most recent ten years and all settlements of medical malpractice claims in which a payment is made to a complaining party within the most recent ten years. Dispositions of paid claims shall be reported in a minimum of three graduated categories indicating the level of significance of the award or settlement. Information concerning paid medical malpractice claims shall be put in context by comparing an individual licensee's medical malpractice judgment awards and settlements to the experience of other physicians within the same specialty. Information concerning all settlements shall be accompanied by the following statement: ""Settlement of a claim may occur for a variety of reasons which do not necessarily reflect negatively on the professional competence or conduct of the physician. A payment in settlement of a medical malpractice action or claim should not be construed as creating a presumption that medical malpractice has occurred." Nothing herein shall be construed to limit or prevent the board from providing further explanatory information regarding the significance of categories in which settlements are reported.

Pending malpractice claims shall not be disclosed by the board to the public. Nothing herein shall be construed to prevent the board from investigating and disciplining a licensee on the basis of medical malpractice claims that are pending.

(g) names of medical schools and dates of graduation;

(h) graduate medical education;

(i) specialty board certification;

(j) number of years in practice;

(k) names of the hospitals where the licensee has privileges;

(p) the identification of any translating services that may be available at the licensee's primary practice location;

(q) an indication of whether the licensee participates in the medicaid program.

The board shall provide individual licensees with a copy of their profiles prior to release to the public. A licensee shall be provided a reasonable time to correct factual inaccuracies that appear in such profile.

A physician may elect to have his profile omit certain information provided pursuant to clauses (l) to (n), inclusive, concerning academic appointments and teaching responsibilities, publication in peer-reviewed journals and professional and community service awards. In collecting information for such profiles and in disseminating the same, the board shall inform physicians that they may choose not to provide such information required pursuant to said clause (l) to (n), inclusive."; and

3. **Except as provided in this subsection**, notwithstanding any provision of law which might be construed to the contrary, sections 379.882 and 379.888, RSMo, defining "commercial casualty insurance", shall not include professional malpractice insurance policies issued by any insurer in this state. **Sections 379.882 to 379.888, RSMo, defining "commercial casualty insurance" shall include policies providing professional malpractice insurance or indemnification to any health care provider, as defined in section 538.205, RSMo, issued by any insurer in this state, including associations established under sections 383.010 to 383.040.**

383.035. 1. Any association licensed pursuant to the provisions of sections 383.010 to 383.040 shall be subject to the provisions of the following provisions of the revised statutes of Missouri:

(1) Sections 374.010, 374.040, 374.046, 374.110, 374.115, 374.122, 374.170, 374.210, 374.215, 374.216, 374.230, 374.240, 374.250 and 374.280, RSMo, relating to the general authority of the director of the department of insurance;

(3) Sections 375.041 and 379.105, RSMo, relating to annual statements;

(4) Section 375.163, RSMo, relating to the competence of managing officers;

(5) Section 375.246, RSMo, relating to reinsurance requirements, except that no association shall be required to maintain reinsurance, and for insurance issued to members who joined the association on or before January 1, 1993, an association shall be allowed credit, as an asset or as a deduction from liability, for reinsurance which is payable to the ceding association's insured by the assuming insurer on the basis of the liability of the ceding association under contracts reinsured without diminution because of the insolvency of the ceding association;

(6) Section 375.390, RSMo, relating to the use of funds by officers for private gain;

(7) Section 375.445, RSMo, relating to insurers operating fraudulently;

(8) Section 379.080, RSMo, relating to permissible investments, except that limitations in such section shall apply only to assets equal to such positive surplus as is actually maintained by the association;

(9) Section 379.102, RSMo, relating to the maintenance of unearned premium and loss reserves as liabilities, except that any such loss reserves may be discounted in accordance with reasonable actuarial assumptions;

(10) Sections 379.882 to 379.893, RSMo, relating to commercial casualty insurance;

(11) Subsection 6 of section 379.321, RSMo, relating to commercial casualty rate filing and notice requirements; and

(12) Sections 374.202 to 374.207, RSMo, relating to the examination powers of the director of insurance.

2. Any association which was licensed pursuant to the provisions of sections 383.010 to 383.040 on or before January 1, 1992, shall be allowed until December 31, 1995, to comply with the provisions of this section as they relate to investments, reserves and reinsurance.
3. Any association licensed pursuant to the provisions of sections 383.010 to 383.040 shall file with its annual statement a certification by a fellow or an associate of the Casualty Actuarial Society. Such certification shall conform to the National Association of Insurance Commissioners annual statement instructions unless otherwise provided by the director of the department of insurance.
4. The director of the department of insurance shall have authority in accordance with section 374.045, RSMo, to make all reasonable rules and regulations to accomplish the purpose of sections 383.010 to 383.040, including the extent to which insurance provided by an association may be extended to provide payment to a covered person resulting from a specific illness possessed by such covered person; except that no rule or regulation may place limitations or restrictions on the amount of premium an association may write or on the amount of insurance or limit of liability an association may provide.
5. Other than as provided in this section, no other insurance law of the state of Missouri shall apply to an association licensed pursuant to the provisions of this chapter, unless such law shall expressly state it is applicable to such associations.
6. If, after August 28, 1992, and after its second full calendar year of operation, any association licensed under the provisions of sections 383.010 to 383.040 shall file an annual statement which shows a surplus as regards policyholders of less than zero dollars, or if the director of the department of insurance has other conclusive and credible evidence more recent than the last annual statement indicating the surplus as regards policyholders of an association is less than zero dollars, the director of the department of insurance may order such association to submit, within ninety days following such order, a voluntary plan under which the association will restore its surplus as regards policyholders to at least zero dollars. The director of the department of insurance may monitor the performance of the association's plan and may order modifications thereto, including assessments or rate or premium increases, if the association fails to meet any targets proposed in such plan for three consecutive quarters.
7. If the director of the department of insurance issues an order in accordance with subsection 6 of this section, the association may, in accordance with chapter 536, RSMo, file a petition for review of such order. Any association subject to an order issued in accordance with subsection 6 of this section shall be allowed a period of three years, or such longer period as the director may allow, to accomplish its plan to restore its surplus as regards policyholders to at least zero dollars. If at the end of the authorized period of time the association has failed to restore its surplus to at least zero dollars, or if the director of the department of insurance has ordered modifications of the voluntary plan and the association's surplus has failed to increase within three consecutive quarters after such modification, the director of the department of insurance may allow an additional time for the implementation of the voluntary plan or may exercise his powers to take charge of the association as he would a mutual casualty company pursuant to sections 375.1150 to 375.1246, RSMo. Sections 375.1150 to 375.1246, RSMo, shall apply to associations licensed pursuant to sections 383.010 to 383.040 only after the conditions set forth in this section are met. When the surplus as regards policyholders of an association subject to subsection 6 of this section has been restored to at least zero dollars, the authority and jurisdiction of the director of the department of insurance under subsections 6 and 7 of this section shall terminate, but this subsection may again thereafter apply to such association if the conditions set forth in subsection 6 of this section for its application are again satisfied.
8. Any association licensed pursuant to the provisions of sections 383.010 to 383.040 shall place on file with the director of the department of insurance, except as to excess liability risks which by general custom are not written according to manual rates or rating plans, a copy of every manual of classifications, rules, underwriting rules and rates, every rating plan and every modification of the foregoing which it uses. Filing with the director of the department of insurance within ten days after such manuals, rating plans or modifications thereof are effective shall be sufficient compliance with this subsection. Any rates, rating plans, rules, classifications or systems in effect or in use

by an association on August 28, 1992, may continue to be used by the association. Upon written application of a member of an association, stating his reasons therefor, filed with the association, a rate in excess of that provided by a filing otherwise applicable may be used by the association for that member.

383.400. 1. As used in sections 383.400 to 383.407, the term "insurer" or "insurers" means any insurance company, mutual insurance company, medical malpractice association, any entity created under this chapter, or other entity providing any insurance to any health care provider, as defined in section 538.205, RSMo, practicing medicine in the state of Missouri, against claims for malpractice or professional negligence.

2. Notwithstanding any other provision of law, no insurer shall, with regards to medical malpractice insurance, as defined in section 383.150:

(1) Charge an assessment or surcharge, or increase the premium charges, by more than one thousand dollars for such insurance without first providing written notice by United States mail to the insured at least sixty days prior to the effective date of such actions;

(2) Fail or refuse to renew the aforesaid insurance without first providing written notice by United States mail to the insured at least sixty days prior to the effective date of such actions, unless such failure or refusal to renew is based upon a failure to pay sums due or a termination or suspension of the health care provider's license to practice medicine in the state of Missouri; or

(3) Cease the issuance of such policies of insurance in the state of Missouri without first providing written notice by United States mail to the insured and to the Missouri department of insurance at least one hundred eighty days prior to the effective date of such actions.

383.401. The Missouri department of insurance shall, prior to May 30, 2005, establish between twelve and twenty risk-reporting categories for medical malpractice insurance premiums, as defined in section 383.150, and shall establish regulations for the reporting of all premiums charged by such categories.

383.402. All insurers shall, with regards to medical malpractice insurance as defined in section 383.150, provide to the Missouri department of insurance, beginning on June 1, 2005, and not less than annually thereafter, an accurate report as to the actual rates charged by such company for such insurance, for each of the risk-reporting categories established in section 383.401.

383.403. Not later than December 31, 2006, and at least annually thereafter, the Missouri department of insurance shall, utilizing the information provided pursuant to section 383.402 establish and publish, a market rate reflecting the median of the actual rates charged for each of the aforesaid risk-reporting categories for the preceding year.

383.404. After January 1, 2007, insurance premium rates charged by any insurer, with regards to medical malpractice insurance as defined in section 383.150, which are no greater than twenty percent higher, or twenty percent lower than the market rate established pursuant to section 383.403, shall be presumed to be reasonable.

383.405. After January 1, 2007, insurance premium rates charged by any insurer, with regards to medical malpractice insurance as defined in section 383.150, which are greater than twenty percent higher, or twenty percent lower than the market rate established pursuant to section 383.403, shall be presumed to be unreasonable.

383.406. 1. As used in this section, "director" means the director of the department of insurance.

2. If any insurer proposes to increase or decrease the premium rates so that they are presumed to be unreasonable under section 383.405 for medical malpractice insurance as defined in section 383.150, the insurer shall notify the director in writing at least sixty days prior to the effective date of the proposed premium rate change. The notice shall include a detailed description of the proposed premium rate change, actuarial justification for the premium rate change, and such other information as the director may prescribe by rule.

3. Within ten days of receipt of the notice from the insurer, the director shall set a date for a hearing on the proposed premium rate change and shall publish notice of the hearing. The date set for the hearing shall be within thirty days after receipt of the notice from the insurer. The director shall provide a copy of any information filed by the insurer under subsection 2 of this section to any person making a written request for such information. The hearing may, at the director's discretion, be a public hearing.

4. At the hearing, the insurer may provide additional information in support of its proposed premium rate change, and any member of the public may provide information in support of or in opposition to the proposed premium rate change.

5. Within twenty days after the close of the hearing, the director shall review all of the information submitted and determine whether the proposed premium rate change is justified. No rate shall be considered justified that is excessive, inadequate, or unfairly discriminatory. If the director determines that the rate is justified, the director shall issue an order authorizing the insurer to use the premium rate as proposed. If the director determines that the rate is not justified, the director shall issue an order prohibiting the use of the premium rate as proposed. The insurer may appeal the order under chapter 536, RSMo.

383.407. 1. If the director finds that any insurer or filing organization has violated any provision of sections 383.400 to 383.406, the director may impose a penalty of not more than five hundred dollars for each violation, but if the director finds the violation to be willful, the director may impose a penalty of not more than five thousand dollars for each violation. Such penalties may be in addition to any other penalty provided by law.

2. The director may suspend the license of any rating organization or insurer that fails to comply with an order of the director relating to sections 383.400 to 383.406 within the time limited by such order, or any extension thereof which the director may grant. The director shall not suspend the license of any rating organization or insurer for failure to comply with an order until the time prescribed for an appeal therefrom has expired or if an appeal has been taken, until the order has been affirmed. The director may determine when a suspension of license shall become effective and it shall remain in effect for a period fixed by the director, unless the director modifies or rescinds such suspension or until the order upon which such suspension is based is modified, rescinded, or reversed.

3. No penalty shall be imposed or no license shall be suspended or revoked except upon a written order of the director, stating the director's findings, made after a hearing held upon not less than ten days' written notice to such person or organization specifying the alleged violation."; and

SENATE AMENDMENT NO. 1

Amend Senate Bill No. 888, Page 5, Section 143.121, Line 51, by inserting after all of said line the following:

"143.431. 1. The Missouri taxable income of a corporation taxable under sections 143.011 to 143.996 shall be so much of its federal taxable income for the taxable year, with the modifications specified in subsections 2 and 3 of this section, as is derived from sources within Missouri as provided in section 143.451. The tax of a corporation shall be computed on its Missouri taxable income at the rates provided in section 143.071.

2. There shall be added to or subtracted from federal taxable income, the modifications to adjusted gross income provided in section 143.121, **with the exception of subdivision (e) of subsection 2 of section 143.121**, and the applicable modifications to itemized deductions provided in section 143.141. There shall be subtracted the federal income tax deduction provided in section 143.171. There shall be subtracted, to the extent included in federal taxable income, corporate dividends from sources within Missouri.

3. (1) If an affiliated group of corporations files a consolidated income tax return for the taxable year for federal income tax purposes and fifty percent or more of its income is derived from sources within this state as determined in accordance with section 143.451, then it may elect to file a Missouri consolidated income tax return. The federal consolidated taxable income of the electing affiliated group for the taxable year shall be its federal taxable income.

(2) So long as a federal consolidated income tax return is filed, an election made by an affiliated group of corporations to file a Missouri consolidated income tax return may be withdrawn or revoked only upon substantial change in the law or regulations adversely changing tax liability under this chapter; or, with permission of the director of revenue upon the showing of good cause for such action. After such a withdrawal or revocation with respect to an affiliated group, it may not file a Missouri consolidated income tax return for five years thereafter, except with the approval of the director of revenue, and subject to such terms and conditions as he may prescribe.

(3) No corporation which is part of an affiliated group of corporations filing a Missouri consolidated income tax return shall be required to file a separate Missouri corporate income tax return for the taxable year.

(4) For each taxable year an affiliated group of corporations filing a federal consolidated income tax return does not file a Missouri consolidated income tax return, for purposes of computing the Missouri income tax, the federal taxable income of each member of the affiliated group shall be determined as if a separate federal income tax return had been filed by each such member.

(5) The director of revenue may prescribe such regulations not inconsistent with the provisions of this chapter as he may deem necessary in order that the tax liability of any affiliated group of corporations making a Missouri consolidated income tax return, and of each corporation in the group, before, during, and after the period of affiliation, may be returned, determined, computed, assessed, collected, and adjusted, in such manner as clearly to reflect the Missouri taxable income derived from sources within this state and in order to prevent avoidance of such tax liability.

(6) The commissioner of administration shall estimate and furnish to the state treasurer the appropriate net increase in the amount of state tax revenues collected and any adjustments to previous estimates pursuant to subdivision (e) of subsection 2 of section 143.121. The treasurer shall transfer monthly from general revenue an amount equal to the estimate to the Missouri college guarantee fund established in section 173.830, RSMo."; and

(2) **"Competitive bidding process", a process under which the director seeks, and insurers may submit, rates at which insurers guarantee to provide medical malpractice liability insurance to any health care provider unable to obtain such insurance in the voluntary market;**

(3) "Director" [means], the director of the department of insurance;

[(3)] (4) "Health care provider" includes physicians, dentists, clinical psychologists, pharmacists, optometrists, podiatrists, registered nurses, physicians' assistants, chiropractors, physical therapists, nurse anesthetists, anesthetists, emergency medical technicians, hospitals, nursing homes and extended care facilities; but shall not include any nursing service or nursing facility conducted by and for those who rely upon treatment by spiritual means alone in accordance with the creed or tenets of any well-recognized church or religious denomination;

[(4)] (5) "Medical malpractice insurance" [means], insurance coverage against the legal liability of the insured and against loss, damage, or expense incident to a claim arising out of the death or injury of any person as a result of the negligence or malpractice in rendering professional service by any health care provider;

[(5)] (6) "Net direct premiums" [means], gross direct premiums written on casualty insurance in the state of Missouri by companies authorized to write casualty insurance under chapter 379, RSMo 1969, in the state of Missouri, less return premiums thereon and dividends paid or credited to policyholders on such direct business.

383.151. When the department determines after a public hearing that medical malpractice liability insurance is not reasonably available for health care providers in the voluntary market, the director shall establish a method for providing such insurance to such health care providers. The director may:

(1) **Establish a competitive bidding process under which insurers may submit rates at which they agree to insure such health care providers; or**

(2) **Establish any other method reasonably designed to provide insurance to such health care providers.**

383.200. 1. As used in sections 383.200 to 383.225, the following terms mean:

- (1) "Director", the same meaning as such term is defined in section 383.100;**
- (2) "Health care provider", the same meaning as such term is defined in section 383.100;**
- (3) "Insurer", an insurance company licensed in this state to write liability insurance, as described in section 379.010, RSMo;**
- (4) "Medical malpractice insurance", the same meaning as such term is defined in section 383.200.**

2. The following standards and procedures shall apply to the making and use of rates pertaining to all classes of medical malpractice insurance:

- (1) Rates shall not be excessive, inadequate, or unfairly discriminatory. A rate is excessive if it is unreasonably high for the insurance provided. A rate is inadequate if it is unreasonably low for the insurance provided and continued use of it would endanger the solvency of the company. A rate is unfairly discriminatory if it does not reflect equitably differences in reasonably expected losses and expenses;**
- (2) (a) Every insurer that desires to increase a rate by less than fifteen percent shall file such rate, along with data supporting the rate change as prescribed by the director, no later than thirty days after such rate becomes effective. Filings under this paragraph shall not be subject to approval or disapproval by the director.**
(b) Every insurer that desires to increase a rate by fifteen percent or more shall submit a complete rate application to the director. A complete rate application shall include all data supporting the proposed rate and such other information as the director may require. The applicant shall have the burden of proving that the requested rate change is justified and meets the requirements of this act. No insurer that is required to file an application pursuant to this paragraph shall increase the subject rate until a rate increase has been approved pursuant to subsection 2 or 3 of this section.
(c) Every insurer that has filed a rate increase under paragraph (a) of this subdivision for two consecutive years and in the third year desires to file a rate increase which in the aggregate over the three-year period will equal or exceed a total rate increase of forty percent or more shall be required to submit a complete rate application under paragraph (b) of this subdivision.
(d) Every insurer that has not filed or had a rate increase approved for three consecutive years may file a rate increase in the fourth year in an amount not to exceed a twenty-five percent increase without being required to submit a complete rate application under paragraph (b) of this subdivision;
- (3) The director of insurance shall promulgate rules setting forth standards that insurers shall adhere to in calculating their rates. Such rules shall:**
 - (a) Establish a range within which an expected rate of return shall be presumed reasonable;**
 - (b) Establish a range within which categories of expenses shall be presumed reasonable;**
 - (c) Establish a range for the number of years of experience an insurer may consider in determining an appropriate loss development factor;**
 - (d) Establish a range for the number of years of experience an insurer may consider in determining an appropriate trend factor;**
 - (e) Establish a range for the number of years of experience an insurer may consider in determining an appropriate increased limits factor;**
 - (f) Establish the proper weights to be given to different years of experience;**

(g) Establish the extent to which an insurer may apply its subjective judgment in projecting past cost data into the future;

(h) Establish any other standard deemed reasonable and appropriate by the director;

(4) The director shall require an insurer to submit with any rate change application:

(a) A comparison, in a form prescribed by the director, between the insurer's initial projected incurred losses and its ultimate incurred losses for the eight most recent policy years for which such data is available;

(b) A memorandum explaining the methodology the insurer has used to reflect the total investment income it reasonably expects to earn on all its assets during the period the proposed rate is to be in effect. The director shall disapprove any rate application that does not fully reflect all such income;

(5) The director shall notify the public of any application from an insurer seeking a rate increase of fifteen percent or more, and shall hold a hearing on such application within forty-five days of such notice. The application shall be deemed approved ninety days after such notice unless it is disapproved by the director after the hearing;

(6) If after a hearing the director finds any rate of an insurer to be excessive, the director may order that the insurer discontinue the use of the rate and that the insurer refund the excessive portion of the rate to any policyholder who has paid such rate. The director shall not be required to find that a reasonable degree of competition does not exist to find a rate excessive.

3. For insurers required to file pursuant to paragraph (b) of subdivision (2) of subsection 2 of this section, if there is insufficient experience within the state of Missouri upon which a rate can be based with respect to the classification to which such rate is applicable, the director may approve a rate increase that considers experiences within any other state or states which have a similar cost of claim and frequency of claim experience as this state. If there is insufficient experience within Missouri or any other states which have similar cost of claim and frequency of claim experience as Missouri, nationwide experience may be considered. The insurer in its rate increase filing shall expressly show the rate experience it is using.

4. All information provided to the director under this section shall be available for public inspection.

5. The remedies set forth in this chapter shall be in addition to any other remedies available under statutory or common law.

6. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

383.205. For all medical malpractice insurance policies written for insureds in the state of Missouri, the ratio between the base rate of the highest-rated specialty and the base rate of the lowest-rated specialty shall be no more than a ratio of six-to-one.

383.210. In determining the premium paid by any health care provider, a medical malpractice insurer shall apply a credit or debit based on the provider's loss experience, or shall establish an alternative method giving due consideration to the provider's loss experience. The insurer shall include a schedule of all such credits and debits, or a description of such alternative method in all filings it makes with the director of insurance. No medical malpractice insurer may use any rate or charge any premiums unless it has filed such schedule or

alternative method with the director of insurance and the director has approved such schedule or alternative method. A debit shall be based only on those claims that have been paid on behalf of the provider.

383.215. On or before March first of each year, every insurer providing medical malpractice insurance to a health care provider shall file the following information with the director of insurance:

(1) Information on closed claims:

383.220. 1. On or before July 1, 2005, and after consultation with the medical malpractice insurance industry, the director shall establish an interactive Internet site which will enable any health care provider licensed in this state to obtain a quote from each medical malpractice insurer licensed to write the type of coverage sought by the provider.

2. The Internet site shall enable health care

providers to complete an online form that captures a comprehensive set of information sufficient to generate a quote for each insurer. The director shall develop transmission software components which allow such information to be formatted for delivery to each medical malpractice insurer based on the requirements of the computer system of the insurer.

3. The director shall integrate the rating criteria of each insurer into its online form after consultation with each insurer using one of the following methods:

- (1) Developing a customized interface with the insurer's own rating engine;**
- (2) Accessing a third-party rating engine of the insurer's choice;**
- (3) Loading the insurer's rating information into a rating engine operated by the director;**
- (4) Any other method agreed on between the director and the insurer.**

4. After a health care provider completes the online form, the provider will be presented with quotes from each medical malpractice insurer licensed to write the coverage requested by the provider.

5. Quotes provided on the Internet site shall at all times be accurate. When an insurer changes its rates, such rate changes shall be implemented at the Internet site by the director, in consultation with the insurer, as soon as practicable but in no event later than ten days after such changes take effect. During any period in which an insurer has changed its rates but the director has not yet implemented such changed rates on the Internet site, quotes for that insurer shall not be obtainable at the Internet site.

6. The director shall design the Internet site to incorporate user-friendly formats and self-help guideline materials, and shall develop a user-friendly Internet user-interface.

7. The Internet site shall also provide contact information, including address and telephone number, for each medical malpractice insurer for which a provider obtains a quote at the Internet site.

8. By December 31, 2005, the director shall submit a report to the general assembly on the development, implementation, and affects of the Internet site established by this section. The report shall be based on:

- (1) The director's consultation with health care providers, medical malpractice insurers, and other interested parties; and**
- (2) The director's analysis of other information available to the director, including a description of the director's views concerning the extent to which the information provided through the Internet site has contributed to increasing the availability of medical malpractice insurance and the effect the Internet site has had on the cost of medical malpractice insurance.**

383.225. Each insurer shall file with the director of insurance new manuals of classifications, rules, underwriting rules, rates, rate plans and modifications, policy forms and other forms to which such rates are applied, that reflect the savings, if any, attributable to each provision of this act.

383.230. Insurers writing medical malpractice insurance shall provide insured health care providers with written notice of any increase in renewal premium rates at least ninety days prior to the date of the renewal. At a minimum, the notice shall be sent by first class mail at least ninety days prior to the date of renewal and shall contain the insured's name, the policy number for the coverage being renewed, the total premium amount being charged for the current policy term, and the total premium amount being charged to renew the coverage."; and

The company shall conduct a program that shall be neither more nor less than self-supporting.

383.635. The board shall formulate and adopt an investment policy and supervise the investment activities of the company. The administrator may invest and reinvest the surplus or reserves of the company subject to the limitations imposed on domestic insurance companies by state law. The company may retain an independent investment counsel. The board shall periodically review and appraise the investment strategy being followed and the effectiveness of such services. Any investment counsel retained or hired shall periodically report to the board on investment results and related matters.

The board of the company shall make application to the treasurer for the loans, stating the amount to be loaned to the company. The loans shall be for a term of ten years and, at the time the application for such loans is approved by the director, shall bear interest at the annual rate based on the rate for linked deposit loans as calculated by the state treasurer pursuant to section 30.758, RSMo.

3. In order to provide funds for the creation, continued development, and operation of the company, the board is authorized to issue revenue bonds from time to time, in a principal amount outstanding not to exceed fifty million dollars at any given time, payable solely from premiums received from insurance policies and other revenues generated by the company.

4. The board may issue bonds to refund other bonds issued pursuant to this section.

5. The bonds shall have a maturity of no more than ten years from the date of issuance. 7. The proceeds of the bonds and the earnings of those proceeds shall be used by the board for the development and operation of the Missouri Physicians Mutual Insurance Company, to pay expenses incurred in the preparation, issuance, and sale of the bonds and to pay any obligations relating to the bonds and the proceeds of the bonds under the United States Internal Revenue Code of 1986, as amended.

8. The bonds may be sold at a public sale or a private sale. If the bonds are sold at a public sale, the notice of sale and other procedures for the sale shall be determined by the administrator or the company.

9. This section is full authority for the issuance and sale of the bonds and the bonds shall not be invalid for any irregularity or defect in the proceedings for their issuance and sale and shall be incontestable in the hands of bona fide purchasers or holders of the bonds for value.

10. An amount of money from the sources specified in subsection 3 of this section sufficient to pay the principal of and any interest on the bonds as they become due each year shall be set aside and is hereby pledged for the payment of the principal and interest on the bonds.

11. The bonds shall be legal investment for any person or board charged with the investment of public funds and may be accepted as security for any deposit of public money, and the bonds and interest thereon are exempt from taxation by the state and any political subdivision or agency of the state.

12. The bonds shall be payable by the company, which shall keep a complete record relating to the payment of the bonds.

13. Not more than fifty percent of the bonds sold shall be sold to public entities.

383.655. 1. 3. The administrator shall annually submit to the board for its approval an estimated budget of the entire expense of administering the company for the succeeding calendar year having due regard to the business interests and contract obligations of the company.

4. The incurred loss experience and expense of the company shall be ascertained each year to include, but not be limited to, estimates of outstanding liabilities for claims reported to the company but not yet paid and liabilities for claims arising from injuries which have occurred but have not yet been reported to the company. If there is an excess of assets over liabilities, necessary reserves and a reasonable surplus for the catastrophe hazard, then a cash dividend may be declared or a credit allowed to an insured policyholder, who has been insured with the company in accordance with criteria approved by the board, which may account for insured's record and claims history.

5. The department of insurance shall conduct an examination for the company in the manner and under the conditions provided by the statutes of the insurance code for the examination of insurance carriers. The board shall pay the cost of the examination as an expense of the company. The company is subject to all provisions of the statutes which relate to private insurance carriers and to the jurisdiction of the department of insurance in the same manner as private insurance carriers, except as provided by the director.

6. For the purpose of ascertaining such information as the administrator may require in the proper administration of the company, the records of each policyholder and insured of the company shall be always open to inspection by the administrator or the administrator's duly authorized agent or representative.

7. Every person provided insurance coverage by the company, upon complying with the underwriting standards adopted by the company, and upon completing the application form prescribed by the company, shall be furnished with a policy showing the date on which the insurance becomes effective."; and

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-THIRD DAY--THURSDAY, APRIL 15, 2004

The Senate met pursuant to adjournment.

President Pro Tem Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"The Lord is just in all his ways and kind in all his doings. The Lord is near to all who call on him, to all who call on him in truth." (Psalm 145:17-18)

Almighty Father, as we work through the bills before us, help us to have that sense of justice and kindness that seeks to do what is right for Your people. And we pray for Kim Green that You will touch him with Your healing power, restore his health and strengthen him for the task ahead. As we return home to loved ones this day, may we find time with them to call upon You seeking always to honor You and speak the truth in all ways. In Your Holy Name we pray. Amen.

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-FIFTH DAY--TUESDAY, APRIL 20, 2004

The Senate met pursuant to adjournment.

President Pro Tem Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"It is better to have a heart without words than words without a heart." (Mahatma Gandhi)

Gracious God, as we enter into the necessary debates and discrimination of the budget and bills before us, help us always to employ our heart so that what we decide has remained faithful to Your call for us to care for those in need and make provisions for what is truly needful. We give You thanks for Kim Green and pray that You will continue his healing and bring him to full health and wholeness. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

Photographers from KRCG-TV and the Associated Press were given permission to take pictures in the Senate Chamber today.

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-SIXTH DAY--WEDNESDAY, APRIL 21, 2004

The Senate met pursuant to adjournment.

Senator Shields in the Chair.

Reverend Carl Gauck offered the following prayer:

"O God, you are my God, I seek you; my soul thirsts for you, my flesh faints for you as in a dry and weary land where there is no water." (Psalm 63:1)

Almighty God, we reach the mid-point of this week and the hours have been long and we see only more dry weary hours ahead. So we come to You for refreshment and rest knowing that what we truly need can only come from You. So we pray, provide us with that sense of purpose that gives us a renewing energy that lightens our hearts and quickens our steps. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The point of order was referred to the President Pro Tem, who ruled it not well taken.

Senator Jacob raised the point of order that under the rules, the time of meeting of the Senate is 10:00 a.m. unless otherwise ordered; and that time has not yet arrived.

SENATE CONCURRENT RESOLUTION NO. 48

Relating to the establishment of a Hepatitis C Task Force

WHEREAS, hepatitis C is a disease of the liver caused by the hepatitis C virus which damages liver cells and causes the liver to become swollen and tender, however, hepatitis has many other causes, including some medications, long-term alcohol abuse, and exposure to industrial chemicals; and

WHEREAS, although there is no vaccine to prevent infection with the hepatitis C virus (HCV), research is underway to develop one, but it is difficult to create an effective vaccine because new strains of the original virus can develop that are not affected by a vaccine against the original strain; and

WHEREAS, since all donated blood is screened for hepatitis C, many people are unaware they have hepatitis C until they try to donate blood and are notified by a blood donation center; and

WHEREAS, chronic hepatitis may be treated with medications that fight viral infections, however, the standard treatment of interferon and ribavirin is not an option for every person and only 30%-40% of those who receive antivirals are cured of the infection; and

WHEREAS, the impact of the disease on certain populations, such as intravenous drug users, incarcerated individuals, alcoholics, racial minority groups, gay and lesbian individuals, and HIV/AIDS infected individuals, is still unknown in Missouri:

NOW, THEREFORE, BE IT RESOLVED that the members of the Senate of the Ninety-second General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby establish a Hepatitis C Task Force to examine the impact of the hepatitis C virus (HCV) on intravenous drug users, incarcerated individuals, alcoholics, racial minority groups, gay and lesbian individuals, and HIV/AIDS infected individuals in Missouri; and

BE IT FURTHER RESOLVED that the Task Force shall be comprised of the following nine persons appointed by the Governor with the advice and consent of the House of Representatives:

- (1) Two persons from the Department of Mental Health;
- (2) Two persons from the Department of Health and Senior Services;
- (3) One person from the Department of Corrections;
- (4) Two persons from community organizations providing services to persons with HCV; and
- (5) Two persons living with HCV; and

BE IT FURTHER RESOLVED that two members of the Senate appointed by the President Pro Tem of the Senate and two members of the House of Representatives appointed by the Speaker of the House of Representatives and shall serve in an advisory capacity to the Task Force; and

BE IT FURTHER RESOLVED that the Task Force shall conduct research and evaluate key legislative, programmatic, and socioeconomic issues that are related to the impact of HCV on the aforementioned populations and make recommendations on ways to improve outreach, prevention, and intervention; and

BE IT FURTHER RESOLVED that the Task Force shall complete its work and submit a report to the General Assembly within one year of its formation, with the advisory House and Senate members of the Task Force providing guidance to the Task Force in its conduct and scope of its work; and

BE IT FURTHER RESOLVED that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Read 1st time.

Senator Jacob offered a substitute motion that **SCS** for **HB 1003** be taken up for debate and requested a roll call vote be taken. He was joined in his request by Senators Callahan, Days, Dougherty and Stoll.

President Maxwell assumed the Chair.

Senator Gibbons raised the point of order that the substitute motion made by Senator Jacob is out of order as the body is not on the order of business of House Bills on Third Reading.

The point of order was referred to the President Pro Tem, who ruled it well taken.

Senator Scott restated his motion that the conference committee report on **SS No. 2** for **SS** for **SCS** for **HS** for **HCS** for **HB 1304** be taken up.

Senator Jacob submitted the following substitute motion in writing:

SUBSTITUTE MOTION

I move that the rules be suspended pursuant to rule 97 and the Senate go to the order of business of House Bills on Third Reading Formal Calendar and that House Bill 1003 be brought before the body for Third Reading and Final Passage.

Senator Shields raised the point of order that Senator Jacob's substitute motion is not a true substitute motion, stating that it is a negative motion; adding that the objective of Senator Jacob can be reached by defeating the motion of Senator Scott and the continuation of the calling of the calendar.

The point of order was referred to the President Pro Tem, who ruled it well taken.

Senator Bray was recognized to inquire of Senator Stoll.

Senator Bray moved that the Senate adjourn until 10:00 a.m., Thursday, April 22, 2004, which motion prevailed. \

OBJECTIONS

April 22, 2004

Terry L. Spieler

Secretary of the Senate

Capitol Building, Room 325

Jefferson City, Missouri 65101

Re: Constitutional Objections to be Included in the Senate Journal of this Date

Dear Terry:

Pursuant to the discussion which took place this afternoon on the Senate floor just prior to Senator Kinder's signing the TAFP version of HB 1304, I would request that the following be placed in the Journal for this date, April 22, 2004, at the appropriate point in the Journal at which I verbally raised "constitutional objections" to CCS/SS#2/SS/SCS/HS/HCS/HB 1304:

Senator Jacob raised verbal "constitutional objections" to the substance of the bill and to the procedure related to passage of the bill in the Senate and submitted the following written objections to the same:

1.) That the substance of the bill violates the constitutional guarantee to access to the open courts of justice;

2.) That the substance of the bill violates the constitutional mandate that the rules of practice and procedure of the courts of justice be established by the Missouri Supreme Court, and that the substance of the bill violates the constitutional distribution and separation of powers as it constitutes action by the legislative branch to exercise a power properly belonging to the judicial branch;

- 3.) That the substance of the bill violates the constitutional prohibition that "no bill shall contain more than one subject", in that, among other things, the bill addresses multiple subjects, i.e. (1) claims for damages, (2) payment of claims for damages, and (3) claims for specific performance. It should be noted that even the title of the bill betrays, by the explicit use of the "and" conjunctive, that the bill addresses multiple subjects, i.e. (1) claims for damages, "and" (2) payment of claims for damages;
- 4.) That the substance of the bill violates the constitutional prohibition that the subject of a bill "shall be clearly expressed in its title", in that the bill clearly affects claims for specific performance but the title expresses only that the bill "relates to claims for *damages* and the payment thereof";
- 5.) That the substance of the bill violates the constitutional guarantee to due process of law;
- 6.) That the substance of the bill violates the constitutional guarantee to equal protection of the laws;
- 7.) That the procedure by which the bill was presented to and adopted by the Missouri Senate violates the constitutional requirement that "No bill shall be considered for final passage in either house until it, with all amendments thereto, has been printed and copies distributed among the members", in that the amendments to the bill were never officially "printed" prior to the bill being considered for final passage in the Senate; and
- 8.) That many other procedural irregularities occurred on this day during the extremely chaotic presentation and passage of the CCR and the bill which are too numerous to detail here given the extraordinarily short period of time which passed between the passage of the bill in the Senate late this morning and the Pro Tem's act of signing the bill before the Senate early this afternoon, each of which irregularity constitutes a separate and distinct violation of the Missouri Constitution and each of which could be well established by testimony of the Senators present and the dozens of other Senate employees and onlookers present during the outbursts and commotion which enveloped the Missouri Senate chamber during the presentation and controversial passage of the CCR and the bill.

Thank you for your attention to this matter.

Very best regards,

/s/ Ken

Ken Jacob

Lieutenant Governor of Missouri

Jefferson City

April 22, 2004

Ms. Terry Spieler

Secretary of the Missouri Senate

State Capitol Room 325

Jefferson City, Missouri 65101

Dear Madame Secretary:

I respectfully request that the following be included in today's (Thursday, April 22, 2004) Senate Journal.

Decisions made by the President of the Senate may not later be called into question other than by appeal of the chair. To preserve decorum, and out of respect of the Senate, Lt. Gov. Maxwell accepted direction of President Pro Tem Kinder and recognized Senator Scott to make the previous question motion.

In accordance with the Missouri State Constitution, as interpreted in the *State versus Cason* decision, I am required to follow the procedural rules of the Missouri Senate. The Lt. Gov., when recognizing Senator Scott and Senator Jacob, followed Rule #87 which states "*after a motion is stated by the chair it is deemed to be in possession of the Senate*" and Rule #76, which states "*if two or more Senators rise at once, the chair shall name the Senator who is to speak first, the other rising having the preference next to speak.*"

The Lt. Gov. will continue to follow the procedural rules as President of the Missouri Senate.

Thank you.

Sincerely,

/s/ Joe Maxwell

Joe Maxwell

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-EIGHTH DAY--FRIDAY, APRIL 23, 2004

The Senate met pursuant to adjournment.

Senator Nodler in the Chair.

Reverend Carl Gauck offered the following prayer:

"We need beauty around us to grow." (Christopher Coelho)

Creator God, as we complete a tough week let our minds find rest and enjoy the beauty of the world about us. Let us see Your handiwork in the blossoming of trees, in the array of colors among the flowers bursting forth and especially see love in the eyes of those You have given us to love that often seem so far from here. Let us find time to rejoice and give You praise for all of life's beauty. In Your Holy Name we pray. Amen.

A quorum being established, the Senate proceeded with its business.

SENATE AMENDMENT NO. 1

Amend Senate Committee Substitute for Senate Bill No. 787, Page 1, Section A, Line 2, by inserting after all of said line the following:

"313.805. The commission shall have full jurisdiction over and shall supervise all gambling operations governed by sections 313.800 to 313.850. The commission shall have the following powers and shall promulgate rules and regulations to implement sections 313.800 to 313.850:

- (1) To investigate applicants and determine the priority and eligibility of applicants for a license and to select among competing applicants for a license the applicant which best serves the interests of the citizens of Missouri;
- (2) To license the operators of excursion gambling boats and operators of gambling games within such boats, to identify occupations within the excursion gambling boat operations which require licensing, and adopt standards for

licensing the occupations including establishing fees for the occupational licenses and to license suppliers;

(3) To adopt standards under which all excursion gambling boat operations shall be held and standards for the facilities within which the gambling operations are to be held. Notwithstanding the provisions of chapter 311, RSMo, to the contrary, the commission may authorize the operation of gambling games on an excursion gambling boat which is also licensed to sell or serve alcoholic beverages, wine, or beer. The commission shall regulate the wagering structure for gambling excursions [including providing a maximum loss of five hundred dollars per individual player per gambling excursion];

(4) To enter the premises of excursion gambling boats, facilities, or other places of business of a licensee within this state to determine compliance with sections 313.800 to 313.850;

(5) To investigate alleged violations of sections 313.800 to 313.850 or the commission rules, orders, or final decisions;

(6) To assess any appropriate administrative penalty against a licensee, including, but not limited to, suspension, revocation, and penalties of an amount as determined by the commission up to three times the highest daily amount of gross receipts derived from wagering on the gambling games, whether unauthorized or authorized, conducted during the previous twelve months as well as confiscation and forfeiture of all gambling game equipment used in the conduct of unauthorized gambling games. Forfeitures pursuant to this section shall be enforced as provided in sections 513.600 to 513.645, RSMo;

(7) To require a licensee, an employee of a licensee or holder of an occupational license to remove a person violating a provision of sections 313.800 to 313.850 or the commission rules, orders, or final orders, or other person deemed to be undesirable from the excursion gambling boat or adjacent facilities;

(8) To require the removal from the premises of a licensee, an employee of a licensee, or a holder of an occupational license for a violation of sections 313.800 to 313.850 or a commission rule or engaging in a fraudulent practice;

(9) To require all licensees to file all financial reports required by rules and regulations of the commission;

(10) To issue subpoenas for the attendance of witnesses and subpoenas duces tecum for the production of books, records, and other pertinent documents, and to administer oaths and affirmations to the witnesses, when, in the judgment of the commission, it is necessary to enforce sections 313.800 to 313.850 or the commission rules;

(11) To keep accurate and complete records of its proceedings and to certify the records as may be appropriate;

(12) To ensure that the gambling games are conducted fairly. No gambling device shall be set to pay out less than eighty percent of all wagers;

(13) To require all licensees of gambling game operations to use a cashless wagering system whereby all players' money is converted to physical or electronic tokens, electronic cards, or chips which only can be used for wagering on the excursion gambling boat;

(14) To require excursion gambling boat licensees to develop a system, approved by the commission, that allows patrons the option to prohibit the excursion gambling boat licensee from using identifying information for marketing purposes. The provisions of this subdivision shall apply only to patrons giving identifying information for the first time. Such system shall be submitted to the commission by October 1, 2000, and approved by the commission by January 1, 2001. The excursion gambling boat licensee shall use identifying information obtained from patrons who have elected to have marketing blocked under the provisions of this section only for the purposes of enforcing the requirements contained in sections 313.800 to 313.850. This section shall not prohibit the commission from accessing identifying information for the purposes of enforcing section 313.004 and sections 313.800 to 313.850;

(15) To determine which of the authorized gambling games will be permitted on any licensed excursion gambling boat;

(16) Excursion gambling boats shall cruise, unless the commission finds that the best interest of Missouri and the

safety of the public indicate the need for continuous docking of the excursion gambling boat in any city or county authorized pursuant to subsection 10 of section 313.812. The commission shall base its decision to allow continuously docked excursion gambling boats on any of the following criteria: the docking location or the excursion cruise could cause danger to the boat's passengers, violate federal law or the law of another state, or cause disruption of interstate commerce or possible interference with railway or barge transportation. In addition, the commission shall consider economic feasibility or impact that would benefit land-based development and permanent job creation. The commission shall not discriminate among applicants for continuous-docking excursion gambling that are similarly situated with respect to the criteria set forth in this section;

(17) The commission shall render a finding concerning the possibility of continuous docking, as described in subdivision (15) of this section, within thirty days after a hearing on any request from an applicant or licensee. Such hearing may be held prior to any final action on licensing to assist an applicant and any city or county in the finalizing of their economic development plan;

(18) To require any applicant for a license or renewal of a license to operate an excursion gambling boat to provide an affirmative action plan which has as its goal the use of best efforts to achieve maximum employment of African-Americans and other minorities and maximum participation in the procurement of contractual purchases of goods and services. This provision shall be administered in accordance with all federal and state employment laws, including Title VII of the Civil Rights Act of 1964, as amended by the Civil Rights Act of 1991. At license renewal, the licensee will report on the effectiveness of the plan. The commission shall include the licensee's reported information in its annual report to the joint committee on gaming and wagering;

(19) To take any other action as may be reasonable or appropriate to enforce sections 313.800 to 313.850 and the commission rules."; and

Further amend page 7, section 313.812, line 204, by inserting after all of said line the following:

"313.822. A tax is imposed on the adjusted gross receipts received from gambling games authorized pursuant to sections 313.800 to 313.850 at the rate of twenty percent; **for licensees with adjusted gross receipts of greater than twenty million dollars an additional tax at a rate of one percent shall be imposed upon the amount of adjusted gross receipts in excess of twenty million dollars.** The taxes imposed by this section shall be returned to the commission in accordance with the commission's rules and regulations who shall transfer such taxes to the director of revenue. All checks and drafts remitted for payment of these taxes and fees shall be made payable to the director of revenue. If the commission is not satisfied with the return or payment made by any licensee, it is hereby authorized and empowered to make an assessment of the amount due based upon any information within its possession or that shall come into its possession. Any licensee against whom an assessment is made by the commission may petition for a reassessment. The request for reassessment shall be made within twenty days from the date the assessment was mailed or delivered to the licensee, whichever is earlier. Whereupon the commission shall give notice of a hearing for reassessment and fix the date upon which the hearing shall be held. The assessment shall become final if a request for reassessment is not received by the commission within the twenty days. Except as provided in this section, on and after April 29, 1993, all functions incident to the administration, collection, enforcement, and operation of the tax imposed by sections 144.010 to 144.525, RSMo, shall be applicable to the taxes and fees imposed by this section.

(1) Each excursion gambling boat shall designate a city or county as its home dock. The home dock city or county may enter into agreements with other cities or counties authorized pursuant to subsection 10 of section 313.812 to share revenue obtained pursuant to this section. The home dock city or county shall receive ten percent of the adjusted gross receipts tax collections, as levied pursuant to this section, for use in providing services necessary for the safety of the public visiting an excursion gambling boat. Such home dock city or county shall annually submit to the commission a shared revenue agreement with any other city or county. All moneys owed the home dock city or county shall be deposited and distributed to such city or county in accordance with rules and regulations of the commission. All revenues provided for in this section to be transferred to the governing body of any city not within a county and any city with a population of over three hundred fifty thousand inhabitants shall not be considered state funds and shall be deposited in such city's general revenue fund to be expended as provided for in this section.

(2) The remaining amount of the adjusted gross receipts tax shall be deposited in the state treasury to the credit of the "Gaming Proceeds for Education Fund" which is hereby created in the state treasury. Moneys deposited in this fund shall be considered the proceeds of excursion boat gambling and state funds pursuant to article IV, section 15 of the Missouri Constitution. All interest received on the gaming proceeds for education fund shall be credited to the gaming proceeds for education fund. Appropriation of the moneys deposited into the gaming proceeds for education fund shall be pursuant to state law."; and

SENATE SUBSTITUTE AMENDMENT NO. 1

FOR SENATE AMENDMENT NO. 1

Amend Senate Committee Substitute for Senate Bill No. 787, Page 1, Section A, Line 2, by inserting after all of said line the following:

"313.805. The commission shall have full jurisdiction over and shall supervise all gambling operations governed by sections 313.800 to 313.850. The commission shall have the following powers and shall promulgate rules and regulations to implement sections 313.800 to 313.850:

(1) To investigate applicants and determine the priority and eligibility of applicants for a license and to select among competing applicants for a license the applicant which best serves the interests of the citizens of Missouri;

(2) To license the operators of excursion gambling boats and operators of gambling games within such boats, to identify occupations within the excursion gambling boat operations which require licensing, and adopt standards for licensing the occupations including establishing fees for the occupational licenses and to license suppliers;

(3) To adopt standards under which all excursion gambling boat operations shall be held and standards for the facilities within which the gambling operations are to be held. Notwithstanding the provisions of chapter 311, RSMo, to the contrary, the commission may authorize the operation of gambling games on an excursion gambling boat which is also

licensed to sell or serve alcoholic beverages, wine, or beer. The commission shall regulate the wagering structure for gambling excursions [including providing a maximum loss of five hundred dollars per individual player per gambling excursion];

(4) To enter the premises of excursion gambling boats, facilities, or other places of business of a licensee within this state to determine compliance with sections 313.800 to 313.850;

(5) To investigate alleged violations of sections 313.800 to 313.850 or the commission rules, orders, or final decisions;

(6) To assess any appropriate administrative penalty against a licensee, including, but not limited to, suspension, revocation, and penalties of an amount as determined by the commission up to three times the highest daily amount of gross receipts derived from wagering on the gambling games, whether unauthorized or authorized, conducted during the previous twelve months as well as confiscation and forfeiture of all gambling game equipment used in the conduct of unauthorized gambling games. Forfeitures pursuant to this section shall be enforced as provided in sections 513.600 to 513.645, RSMo;

(7) To require a licensee, an employee of a licensee or holder of an occupational license to remove a person violating a provision of sections 313.800 to 313.850 or the commission rules, orders, or final orders, or other person deemed to be undesirable from the excursion gambling boat or adjacent facilities;

(8) To require the removal from the premises of a licensee, an employee of a licensee, or a holder of an occupational license for a violation of sections 313.800 to 313.850 or a commission rule or engaging in a fraudulent practice;

(9) To require all licensees to file all financial reports required by rules and regulations of the commission;

(10) To issue subpoenas for the attendance of witnesses and subpoenas duces tecum for the production of books, records, and other pertinent documents, and to administer oaths and affirmations to the witnesses, when, in the judgment of the commission, it is necessary to enforce sections 313.800 to 313.850 or the commission rules;

(11) To keep accurate and complete records of its proceedings and to certify the records as may be appropriate;

(12) To ensure that the gambling games are conducted fairly. No gambling device shall be set to pay out less than eighty percent of all wagers;

(13) To require all licensees of gambling game operations to use a cashless wagering system whereby all players' money is converted to physical or electronic tokens, electronic cards, or chips which only can be used for wagering on the excursion gambling boat;

(14) To require excursion gambling boat licensees to develop a system, approved by the commission, that allows patrons the option to prohibit the excursion gambling boat licensee from using identifying information for marketing purposes. The provisions of this subdivision shall apply only to patrons giving identifying information for the first time. Such system shall be submitted to the commission by October 1, 2000, and approved by the commission by January 1, 2001. The excursion gambling boat licensee shall use identifying information obtained from patrons who have elected to have marketing blocked under the provisions of this section only for the purposes of enforcing the requirements contained in sections 313.800 to 313.850. This section shall not prohibit the commission from accessing identifying information for the purposes of enforcing section 313.004 and sections 313.800 to 313.850;

(15) To determine which of the authorized gambling games will be permitted on any licensed excursion gambling boat;

(16) Excursion gambling boats shall cruise, unless the commission finds that the best interest of Missouri and the safety of the public indicate the need for continuous docking of the excursion gambling boat in any city or county authorized pursuant to subsection 10 of section 313.812. The commission shall base its decision to allow continuously docked excursion gambling boats on any of the following criteria: the docking location or the excursion cruise could cause danger to the boat's passengers, violate federal law or the law of another state, or cause disruption of interstate commerce or possible interference with railway or barge transportation. In addition, the commission shall consider

economic feasibility or impact that would benefit land-based development and permanent job creation. The commission shall not discriminate among applicants for continuous-docking excursion gambling that are similarly situated with respect to the criteria set forth in this section;

(17) The commission shall render a finding concerning the possibility of continuous docking, as described in subdivision (15) of this section, within thirty days after a hearing on any request from an applicant or licensee. Such hearing may be held prior to any final action on licensing to assist an applicant and any city or county in the finalizing of their economic development plan;

(18) To require any applicant for a license or renewal of a license to operate an excursion gambling boat to provide an affirmative action plan which has as its goal the use of best efforts to achieve maximum employment of African-Americans and other minorities and maximum participation in the procurement of contractual purchases of goods and services. This provision shall be administered in accordance with all federal and state employment laws, including Title VII of the Civil Rights Act of 1964, as amended by the Civil Rights Act of 1991. At license renewal, the licensee will report on the effectiveness of the plan. The commission shall include the licensee's reported information in its annual report to the joint committee on gaming and wagering;

(19) To take any other action as may be reasonable or appropriate to enforce sections 313.800 to 313.850 and the commission rules."; and

Further amend page 7, section 313.812, line 204, by inserting after all of said line the following:

"313.822. A tax is imposed on the adjusted gross receipts received from gambling games authorized pursuant to sections 313.800 to 313.850 at the rate of twenty percent; **for licensees with adjusted gross receipts of greater than thirty million dollars an additional tax at a rate of two percent shall be imposed upon the amount of adjusted gross receipts in excess of thirty million dollars.** The taxes imposed by this section shall be returned to the commission in accordance with the commission's rules and regulations who shall transfer such taxes to the director of revenue. All checks and drafts remitted for payment of these taxes and fees shall be made payable to the director of revenue. If the commission is not satisfied with the return or payment made by any licensee, it is hereby authorized and empowered to make an assessment of the amount due based upon any information within its possession or that shall come into its possession. Any licensee against whom an assessment is made by the commission may petition for a reassessment. The request for reassessment shall be made within twenty days from the date the assessment was mailed or delivered to the licensee, whichever is earlier. Whereupon the commission shall give notice of a hearing for reassessment and fix the date upon which the hearing shall be held. The assessment shall become final if a request for reassessment is not received by the commission within the twenty days. Except as provided in this section, on and after April 29, 1993, all functions incident to the administration, collection, enforcement, and operation of the tax imposed by sections 144.010 to 144.525, RSMo, shall be applicable to the taxes and fees imposed by this section.

(1) Each excursion gambling boat shall designate a city or county as its home dock. The home dock city or county may enter into agreements with other cities or counties authorized pursuant to subsection 10 of section 313.812 to share revenue obtained pursuant to this section. The home dock city or county shall receive ten percent of the adjusted gross receipts tax collections, as levied pursuant to this section, for use in providing services necessary for the safety of the public visiting an excursion gambling boat. Such home dock city or county shall annually submit to the commission a shared revenue agreement with any other city or county. All moneys owed the home dock city or county shall be deposited and distributed to such city or county in accordance with rules and regulations of the commission. All revenues provided for in this section to be transferred to the governing body of any city not within a county and any city with a population of over three hundred fifty thousand inhabitants shall not be considered state funds and shall be deposited in such city's general revenue fund to be expended as provided for in this section.

(2) The remaining amount of the adjusted gross receipts tax shall be deposited in the state treasury to the credit of the "Gaming Proceeds for Education Fund" which is hereby created in the state treasury. Moneys deposited in this fund shall be considered the proceeds of excursion boat gambling and state funds pursuant to article IV, section 15 of the Missouri Constitution. All interest received on the gaming proceeds for education fund shall be credited to the gaming proceeds for education fund. Appropriation of the moneys deposited into the gaming proceeds for education fund shall

be pursuant to state law."; and

Further amend the title and enacting clause accordingly.

Senator Bray moved that the above substitute amendment be adopted.

Senator Bartle requested a division of the question on the adoption of **SSA 1** for **SA 1**, asking that a vote first be taken on the portion of the amendment dealing with Section 313.805, appearing on Pages 1-5, and that a second vote be taken on Section 313.822, appearing on Pages 5-7.

Senator Jacob raised a point of order that division of the question is out of order as the amendment cannot be divided as the subject matter of the two sections are connected.

The point of order was referred to the President Pro Tem.

Senator Bartle was recognized to speak on the point of order.

Senator Jacob raised the point of order that remarks made by Senator Bartle are out of order.

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-NINTH DAY--MONDAY, APRIL 26, 2004

The Senate met pursuant to adjournment.

Senator Nodler in the Chair.

Reverend Carl Gauck offered the following prayer:

"...for God is a God not of disorder but of Peace." (I Corinthians 14:33a)

Gracious God, we begin a new week faced with challenges and difficulties that will try our patience and weary our minds; but let us follow Your example of peace as we deal with others who do not agree with us. And Lord we need Your peace as we read and hear of over one hundred of our military killed this month in Iraq and more this weekend. So we pray for their families that You will comfort them and we pray for our leaders to find ways to resolve this conflict and establish peace and for those who are in harms way, that You will be an ever-present help. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

WAYNE GOODE

April 26, 2004

The Honorable Joe Maxwell

Lt. Governor, State of Missouri

Room 121, Capitol Building

Jefferson City, MO 65101

Dear Joe:

This is in regard to your letter of April 22nd to the Secretary of the Senate.

Having read the letter, I understand your thinking in regard to what occurred in the Senate on the morning of Thursday, April 22nd. However, I strongly disagree with your interpretation of the rules. When Senator Bartle arose to raise a point of order, you ruled from the chair that the chair could only be challenged by an "appeal of the Chair" and that a point of order could not be raised. Clearly, the chair regardless of whether it is held by the Lt. Governor, President Pro-Tem or another member of the Senate is subject to the rules of the Senate and, therefore, is subject to a point of order raised by any member. As you know, I raised the same point of order that Senator Bartle attempted to raise and after some insistence on my part it was referred to the President Pro-Tem.

In your letter you interpret Rule 76, which reads, "if two or more Senator rise at once the Chair shall name the Senator who is to speak first, the other arising having the preference next to speak." I don't argue with the meaning of that rule, however, nothing therein prevents the first Senator from making any motion that is in order under the rules. That is, of course, what Senator Scott eventually did. As both Senator Mathewson and I pointed out, the rules of the Senate have long been interpreted to allow any Senator who has been recognized and, therefore, has the floor to make any motion or engage in any activity that is allowed under the rules and to keep the floor as long as the Senator desires. Clearly, the Chair cannot take the floor away from a Senator who has been recognized and gains the floor under the rules. This is the long-standing interpretation of the rules and the Chair is subject to a point of order, the same as any member of the Senate is, to assure that the rules are followed. That is not only the tradition of the Senate but the essence of the Cason decision. Any other interpretation would cause a major transfer of power from each individual Senator to the Chair. The collective power of the Senate is only as strong as that of each Senator.

With great respect to you as my friend, as well as Lt. Governor, I raised the point of order and asked that it be ruled upon because of the potential long-term impact of what was occurring in the Senate and each and every present and future Senator.

Sincerely,

/s/ Wayne

Journal of the Senate

SECOND REGULAR SESSION

SIXTY-FIRST DAY--WEDNESDAY, APRIL 28, 2004

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

"Out of the depths I cry to thee, O Lord! Lord hear my voice! Let thy ears be attentive to the voice of my supplications!" (Psalm 130:1-2)

Merciful and gracious God, we call upon You as yet another one we have cared for has died. We commend Ron Kirchoff to Your tender care and trust in Your mercy. Bless and comfort his family who are in shock at the suddenness of this illness and death; be an ever present help and comfort them with the memory of Your goodness. And Lord we pray, let each of us know the blessed assurance of Your abiding presence as grief again has touched this Senate family. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

Photographers from KMIZ-TV were given permission to take pictures in the Senate Chamber today.

The following Senators were present during the day's proceedings:

RESOLUTIONS

Senator Gross offered Senate Resolution No. 1830, regarding the Francis Howell R-III School District, St. Charles, which was adopted.

CONCURRENT RESOLUTIONS

Senator Nodler offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 49

WHEREAS, the General Assembly favors a sound dollar that reflects economic fundamentals, but not one that is so excessively strong as to be overvalued; and

WHEREAS, the value of the U.S. dollar against other major currencies has risen thirty percent since 1997 and has reached the highest level in sixteen years despite the fact that economic fundamentals have moved in the opposite direction; and

WHEREAS, this rise in the value of the dollar is imposing the equivalent of a thirty percent added tariff on U.S. exports and permits imports to be sold at artificially low prices in the United States-with the effect of severely hampering the exports of American manufactured goods, artificially increasing imports above what they otherwise would be, and distorting the earnings of U.S. affiliates overseas; and

WHEREAS, since August 2000, U.S. manufactured goods exports fell one hundred forty billion dollars, which accounted for nearly forty percent of the decline in U.S. manufacturing production and employment and for the loss of more than five hundred thousand factory jobs; and

WHEREAS, a broad range of U.S. industries have seen a sharp decline in their ability to compete against imports since the dollar began its climb in 1997, with commensurate additional losses of American jobs; and

WHEREAS, both small and large companies are being affected, and after rising steadily throughout the 1990s, the proportion of small- and medium-sized companies exporting at least twenty-five percent of their production has now declined to the lowest level since the National Association of Manufacturers began surveying; and

WHEREAS, the trade and job losses related to the excessive strength of the dollar are decreasing support for free trade policies and leading to increased pressures for protectionism; and

WHEREAS, the value of the dollar has failed to move in the direction of an equilibrium that would end trade distortions, principally because of market imperfections such as a belief that governments will intervene to keep currency relationships at their present levels:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-Second General Assembly, Second Regular Session, the House of Representatives concurring therein, urge the President of the United States of America and Congress to consider actions that can be taken to enable the dollar and other major currencies to move toward their equilibrium rates by correcting market imperfections, countering foreign country currency manipulations, and seeking cooperation among major countries in taking coordinated actions as appropriate; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States and the members of the Missouri Congressional delegation.

4. If a federal income tax liability for a tax year prior to the applicability of sections 143.011 to 143.996 for which he was not previously entitled to a Missouri deduction is later paid or accrued, he may deduct the federal tax in the later year to the extent it would have been deductible if paid or accrued in the prior year.

5. The commissioner of administration shall estimate the difference in the amount of revenue raised by the provisions of subsection 3 of this section in the last full calendar year in which the provisions of subsection 3 of this section allowed a deduction, compared to the amount of revenue raised annually as a result of the removal of such deduction, and shall cause such difference in the amount of revenue to be allocated annually to provide debt service and debt retirement for bonds issued pursuant to subsection 9 of section 8.665, RSMo; any remaining amount after such allocation shall be transferred to the Missouri college guarantee fund established pursuant to the provisions of sections 173.810 to 173.830, RSMo."; and

The Senate met pursuant to adjournment.

Reverend Carl Gauck offered the following prayer:

"Cast your burden on the Lord, and he will sustain you; he will never permit the righteous to be moved." (Psalm 55:22)

Heavenly Father, we are so mindful of the burdens we are carrying and how heavily they weigh us down at times, especially when nights become long and difficult and we seem to get so little done. So we pray that You will sustain us and permit us to continue to do what is right and best for the people of Missouri and never be moved from that. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

WHEREAS, Missouri has a long tradition of providing funding for multimodal transportation services; and

WHEREAS, multimodal transportation services are a tool for economic development, mobility and congestion relief; and

WHEREAS, Missouri citizens directly benefit from multimodal transportation services; and

WHEREAS, recent state budget woes have forced personnel cuts, the elimination of promotional funds, and the implementation of a \$5 ticket surcharge to supplement insufficient state appropriations for passenger rail services; and

WHEREAS, other multimodal transportation services, such as MetroLink and OATS, face financial shortfalls during tight budgetary times; and

WHEREAS, mass transit systems are looking into fare increases in order to balance their budgets; and

WHEREAS, total state multimodal program funding for aviation, passenger rail, waterways, and transit has decreased from approximately \$25 million in fiscal year 2000 to \$16 million in fiscal year 2004; and

WHEREAS, there is a strong desire to stabilize and improve multimodal transportation services in Missouri in order to alleviate and enhance the mobility of people, goods, and freight; and

WHEREAS, according to the U.S. Department of Transportation, a multimodal transportation approach offers the promise of:

1. Lowering overall transportation costs by allowing each mode to be used for the portion of the trip to which it is best suited;
2. Increasing economic productivity and efficiency, thereby enhancing the nation's global competitiveness;
3. Reducing congestion and the burden on overstressed infrastructure components;
4. Generating higher returns from public and private infrastructure investments;

6. Reducing energy consumption and contributing to improved air quality and environmental conditions.

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-Second General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby establish the "Joint Interim Committee on Multimodal Transportation Services"; and

- (6) Provide recommendations of how to increase utilization of multimodal services through the stabilization of services, increased promotional efforts, and service improvements; and

(1) The ambulance or fire protection district first levies the maximum levy allowed without a vote of the people by article X, section 11(b) of the constitution; and

(2) The ambulance or fire protection district first adopts the tax rate ceiling otherwise authorized by other laws of this state; and

2. The director shall adopt a uniform system of providing, affixing and displaying official stamps, labels or other indicia for marijuana and controlled substances upon which a tax is imposed.

3. The director may promulgate rules and regulations necessary to administer and enforce the provisions of sections 144.530 to 144.563.

144.539. 1. No dealer may possess any marijuana, domestic marijuana plant, or controlled substance upon which a tax is imposed pursuant to section 144.533 unless the tax has been paid as evidenced by an official stamp or other indicia.

2. Official stamps, labels, or other indicia to be affixed to all marijuana, domestic marijuana plants, or controlled substances shall be purchased from the director. The purchaser shall pay one hundred percent of face value for each stamp, label, or other indicia at the time of purchase. Each such stamp, label, or other indicia shall only be valid for three months after its date of issuance. The director shall issue the stamps, labels, or other indicia in denominations in multiples of ten dollars. Any person may purchase any such stamp, label, or other indicia without disclosing such person's identity.

3. When a dealer purchases, acquires, transports, or imports into this state marijuana, domestic marijuana plants, or controlled substances on which a tax is imposed pursuant to section 144.533 and if the indicia evidencing the payment of the tax have not already been affixed, the dealer shall have them permanently affixed on the marijuana, domestic marijuana plant, or controlled substance immediately after receiving the substance. Each stamp or other official indicia may be used only once.

4. Taxes imposed upon marijuana, domestic marijuana plants, or controlled substances pursuant to the provisions of sections 144.530 to 144.563 are due and payable immediately upon acquisition or possession in this state by a dealer.

144.542. 1. At such time as the director shall determine that a dealer has not paid the tax as directed pursuant to section 144.539 the director may immediately assess a tax based on personal knowledge or information available to the director; mail to the taxpayer at the taxpayer's last known address or serve in person, a written notice of the amount of tax, penalties, and interest; and demand its immediate payment. If payment is not

immediately made, because collection of every assessment made hereunder is presumed to be in jeopardy due to the nature of the commodity being taxed, the director may immediately collect the tax, penalties, and interest in any manner pursuant to section 144.563.

2. The taxpayer may appeal the assessment within fifteen days from the date of mailing of the notice or the date of personal service of the notice given pursuant to subsection 1 of this section, by requesting in writing a hearing by the director on the correctness of the assessment. The hearing shall be conducted in accordance with the provisions of chapter 536, RSMo. An appeal of the assessment shall not stay the collection of the assessment but shall stay the sale of real or personal property seized pursuant to section 144.563 until the director rules on the correctness of the assessment.

3. The tax, penalties, and interest assessed by the director are presumed to be valid and correctly determined and assessed. The burden is upon the taxpayer to show their incorrectness or invalidity. Any statement filed by the director with the court or any other certificate by the director of the amount of tax, penalties, and interest determined or assessed is admissible in evidence and constitutes prima facie evidence of the facts it contains.

4. In making an assessment pursuant to subsection 1 of this section, the director may consider a plea agreement or judicial determination made in any criminal case.

5. All taxes not paid to the director of revenue by the person required to remit the same on the date when the same becomes due and payable to the director of revenue shall bear interest at the rate determined by section 32.065, RSMo, from and after such date until paid.

144.545. Neither the director nor a public employee may reveal facts contained in a report or return required by sections 144.530 to 144.563. No information contained in such a report or return may be used against the dealer in any criminal proceeding unless independently obtained, except in connection with a proceeding involving taxes due pursuant to the provisions of sections 144.530 to 144.563 from the taxpayer making the return.

144.548. For the purpose of determining the correctness of any return, determining the amount of tax that should have been paid, determining whether or not the dealer should have made a return or paid taxes, or collecting any taxes pursuant to the provisions of sections 144.530 to 144.563, the director may examine, or cause to be examined, any books, papers, records, or memoranda, that may be relevant to making such determinations, whether the books, papers, records, or memoranda, are the property of or in the possession of the dealer or another person. The director may require the attendance of any person having knowledge or information that may be relevant, compel the production of books, papers, records, or memoranda by persons required to attend, take testimony on matters material to the determination, and administer oaths or affirmations. Upon demand of the director or any examiner or investigator, the court shall issue a subpoena for the attendance of a witness or the production of books, papers, records, or memoranda. The director may also issue subpoenas. Disobedience of subpoenas issued pursuant to the provisions of sections 144.530 to 144.563 is punishable by the circuit court of the county or city not within a county in which the subpoena is issued, or, if the subpoena is issued by the director, by the circuit court of the county or city not within a county in which the party served with the subpoena is located, in the same manner as contempt of court.

144.551. Any dealer violating the provisions of sections 144.530 to 144.563 is subject to a penalty of one hundred percent of the tax in addition to the tax imposed pursuant to section 144.533.

144.554. Nothing in sections 144.530 to 144.563 shall in any manner provide immunity for a dealer from criminal prosecution.

144.557. The director shall submit annually fifty percent of all moneys received from the collection of taxes and from assessments of delinquent taxes and penalties imposed pursuant to the provisions of sections 144.530 to 144.563 to the state treasurer, who shall deposit one-half thereof in the MoSMART fund created pursuant to section 650.350, RSMo, and one-half thereof in the "controlled substances clean-up fund", created in section 640.040, RSMo, to be used to provide training and necessary supplies and equipment pursuant to law enforcement and fire department personnel and to assist in the clean-up and disposal of components of

controlled substances and administration thereof. The director shall remit annually the remaining fifty percent of all moneys received from the collection of taxes and from assessments of delinquent taxes and penalties imposed pursuant to the provisions of sections 144.530 to 144.563 as follows:

- (1) If the law enforcement agency which conducted the investigation is a county agency, the entire amount shall not be considered state funds and shall be deposited in the county treasury and credited to a special law enforcement trust fund for use solely for law enforcement and criminal prosecution purposes; or
- (2) If the law enforcement agency which conducted the investigation is a city agency, the entire amount shall not be considered state funds and shall be deposited in the city treasury and credited to a special law enforcement trust fund for use solely for law enforcement and criminal prosecution purposes; or
- (3) If the law enforcement agency which conducted the investigation is a state agency, the entire amount shall be deposited in the state general revenue fund to be appropriated to the state agency for use in law enforcement purposes; or
- (4) If more than one law enforcement agency is substantially involved in the investigative process, the amount shall not be considered state funds and shall be distributed equally among the city, county and state law enforcement agencies involved and credited to the appropriate county and city special law enforcement trust funds and state law enforcement agency funds unless an alternate distribution is mutually agreed upon by the law enforcement agencies involved and submitted in writing to the director.

Funds received shall not be considered to be a source of revenue to meet normal operating expenses of law enforcement agencies.

144.563. 1. Whenever a taxpayer liable to pay any tax, penalty or interest assessed pursuant to section 144.542, refuses or neglects to immediately pay the amount due, the director may issue one or more warrants for the immediate collection of the amount due, directed to the chief law enforcement officer of any county or city not within a county commanding the chief law enforcement officer to seize and sell the real and personal property of the taxpayer found within the county or city not within a county to satisfy the amount specified on the warrant and the cost of executing the warrant. The director may also issue one or more warrants directed to any employee of the department of revenue commanding the employee to seize and sell the real and personal property of the taxpayer found anywhere within the state to satisfy the amount specified on the warrant and the cost of executing the warrant. A copy of the warrant shall also be mailed to the taxpayer at the taxpayer's last known address or served upon the taxpayer in person.

2. The chief law enforcement officer or department of revenue employee shall proceed to execute upon the warrant in the same manner as provided for distress warrants pursuant to sections 136.180 and 136.190, RSMo, except as otherwise provided in this section. In the execution of a warrant issued to a department of revenue employee, the employee shall have all of the powers conferred by law upon a chief law enforcement officer. Any law enforcement officer may assist in the execution of a warrant if requested to do so by a department of revenue employee.

3. No law exempting any goods and chattels, land and tenements from forced sale under execution shall apply to a seizure and sale under any warrant.

4. A third party holding funds or other personal property of the taxpayer shall immediately, or as soon thereafter as possible, after service of the warrant on such third party, deliver such funds or other personal property to the chief law enforcement officer or department of revenue employee, who shall then deliver such to the director or the director's designee for deposit toward the balance due on the taxpayer's assessment pursuant to section 136.110.

5. The chief law enforcement officer or department of revenue employee shall proceed to levy, collect, and sell such property in the manner pursuant to sections 136.200 to 136.230, RSMo.

6. The taxpayer shall have the right to redeem real property within a period of six months from the date of the sale.

7. The director shall have the right at any time to issue alias warrants until the full amount of the tax, penalty, and interest is collected."; and

Further amend said bill, Page 12, Section 348.432, Line 7, by inserting after all of said line the following:

"578.154. 1. A person commits the crime of possession of anhydrous ammonia in a nonapproved container if he or she possesses any quantity of anhydrous ammonia in [any container other than a tank truck, tank trailer, rail tank car, bulk storage tank, field (nurse) tank or field applicator or any container approved for anhydrous ammonia by the department of agriculture or the United States Department of Transportation] **a cylinder or other portable container that was not designed, fabricated, tested, constructed, marked and placarded in accordance with the United States Department of Transportation Hazardous Materials regulations contained in CFR 49 Parts 100 to 185, revised as of October 1, 2002, which are herein incorporated by reference, and approved for the storage and transportation of anhydrous ammonia, or any container that is not a tank truck, tank trailer, rail tank car, bulk storage tank, field (nurse) tank or field applicator.**

2. Journal of the Senate

SECOND REGULAR SESSION

SIXTY-FOURTH DAY--TUESDAY, MAY 4, 2004

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

"Our action, if it is truly to be a sharing in God's action, will flow from our inner being, who we are." (Jeanne Hinton)

Benevolent God, You who watch over us and prompt us to act, as You would have us act, make us mindful that the way we speak and the actions we take say a great deal about who we are as Your children. So we pray, help us to always do our very best from the smallest items on our agendas to the major bills we pass. In Your Holy Name we pray. Amen.

A quorum being established, the Senate proceeded with its business.

State aid for transportation shall be paid as provided in section 163.161, RSMo, only on the basis of the cost of pupil transportation for those pupils living one mile or more from school, including transportation provided to and from publicly operated university laboratory schools; **except that in districts which are no more than fifteen square miles in size, transportation costs for students who live less than one mile from their assigned school may be considered as reimbursable miles when the district can demonstrate that such students are required to cross a state highway, county arterial, or other major barrier that constitutes a safety problem.** The board of education may provide transportation for pupils living less than one mile from school **who do not face safety problems** at the expense of the district and may prescribe reasonable rules and regulations as to eligibility of pupils for transportation. If no increase in the tax levy of the school district is required to provide transportation for pupils living less than one mile from the school, the board may transport said pupils. If an increase in the tax levy of the school district is required to provide transportation for pupils living less than one mile from school, the board shall submit the question at a public election. The minimum charge would be the actual cost of transporting the pupil for ninety school days, which actual cost is to be determined by the average per pupil cost of transporting children in the school district during the preceding school year. The full actual cost shall be paid by the parent or guardian of the pupil and shall not be paid out of any state school aid funds or out of any other revenues of the school district. The cost of transportation may be paid in installments, and the board of education shall establish the cost of the transportation and the time or times and method of payment."; and

SENATE AMENDMENT NO. 4

Amend Senate Committee Substitute for House Committee Substitute for House Bill No. 1040 and House Committee Substitute for House Bill 1041, Page 4, Section 160.254, Line 42, by inserting immediately after said line the following:

"160.261. 1. The local board of education of each school district shall clearly establish a written policy of discipline, including the district's determination on the use of corporal punishment and the procedures in which punishment will be applied. A written copy of the district's discipline policy and corporal punishment procedures, if applicable, shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

2. The policy shall require school administrators to report acts of school violence to teachers and other school district employees with a need to know. For the purposes of this chapter or chapter 167, RSMo, "need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. As used in this section, the phrase "act of school violence" or "violent behavior" means the exertion of physical force by a student with the intent to do serious physical injury as defined in subdivision (6) of section 565.002, RSMo, to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. The policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following felonies, or any act which if committed by an adult would be one of the following felonies:

- (1) First degree murder under section 565.020, RSMo;
- (2) Second degree murder under section 565.021, RSMo;
- (3) Kidnapping under section 565.110, RSMo;

- (7) Burglary in the first degree under section 569.160, RSMo;
- (8) Burglary in the second degree under section 569.170, RSMo;
- (9) Robbery in the first degree under section 569.020, RSMo;

- (13) Voluntary manslaughter under section 565.023, RSMo;
- (14) Involuntary manslaughter under section 565.024, RSMo;
- (15) Second degree assault under section 565.060, RSMo;
- (16) Sexual assault under section 566.040, RSMo;
- (17) Felonious restraint under section 565.120, RSMo;

- (18) Property damage in the first degree under section 569.100, RSMo;
- (19) The possession of a weapon under chapter 571, RSMo;
- (20) Child molestation in the first degree pursuant to section 566.067, RSMo;
- (21) Deviate sexual assault pursuant to section 566.070, RSMo;
- (22) Sexual misconduct involving a child pursuant to section 566.083, RSMo; or
- (23) Sexual abuse pursuant to section 566.100, RSMo;

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

- (1) The superintendent, or in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and
- (2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

4. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. 921 and the following items, as defined in section 571.010, RSMo: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

5. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

6. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policy of discipline developed by each board under this section, or when reporting to his or her supervisor or other person as mandated by state law, acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

7. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. Acts of violence as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property,

including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020, RSMo, to any school district in which the student subsequently attempts to enroll.

8. Spanking, when administered by certificated personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210, RSMo. The provisions of sections 210.110 to 210.165, RSMo, notwithstanding, the division of family services shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to any spanking administered in a reasonable manner by any certificated school personnel pursuant to a written policy of discipline established by the board of education of the school district. Upon receipt of any reports of child abuse by the division of family services pursuant to sections 210.110 to 210.165, RSMo, which allegedly involves personnel of a school district, the division of family services shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the division of family services and take no further action. In all matters referred back to the division of family services, the division of family services shall treat the report in the same manner as other reports of alleged child abuse received by the division. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the juvenile officer of the county in which the alleged incident occurred. The report shall be jointly investigated by the juvenile officer or a law enforcement officer designated by the juvenile officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by the juvenile officer or a law enforcement officer designated by the juvenile officer and the president of the school board or such president's designee. The investigation shall begin no later than forty-eight hours after notification from the division of family services is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident. - (3) The issue involved in the alleged incident of child abuse is unresolved. The juvenile officer or a law enforcement officer designated by the juvenile officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

9. The findings and conclusions of the school board shall be sent to the division of family services. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall

be terminated, the case closed, and no record shall be entered in the division of family services' central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the division of family services shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the division of family services shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the division of family services unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

10. Any superintendent of schools, president of a school board or such person's designee or juvenile officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

SENATE AMENDMENT NO. 7

Amend Senate Committee Substitute for House Committee Substitute for House Bill No. 1040 and House Committee Substitute for House Bill No. 1041, Page 49, Section 209.321, Line 30, by inserting immediately after said line the following:

"210.145. 1. The division shall establish and maintain an information system operating at all times, capable of receiving and maintaining reports. This information system shall have the ability to receive reports over a single, statewide toll-free number. Such information system shall maintain the results of all investigations, family assessments and services, and other relevant information.

2. Upon receipt of a report, the division shall immediately communicate such report to its appropriate local office and any relevant information as may be contained in the information system. The local division staff shall determine, through the use of protocols developed by the division, whether an investigation or the family assessment and services approach should be used to respond to the allegation. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child.

3. The local office shall contact the appropriate law enforcement agency immediately upon receipt of a report which division personnel determine merits an investigation, or, which, if true, would constitute a suspected violation of any of the following: section 565.020, 565.021, 565.023, 565.024 or 565.050, RSMo, if the victim is a child less than eighteen years of age, section 566.030 or 566.060, RSMo, if the victim is a child less than eighteen years of age, or other crime under chapter 566, RSMo, if the victim is a child less than eighteen years of age and the perpetrator is twenty-one years of age or older, section 567.050, RSMo, if the victim is a child less than eighteen years of age, section 568.020, 568.030, 568.045, 568.050, 568.060, 568.080, or 568.090, RSMo, section 573.025, 573.037 or 573.045, RSMo, or an attempt to commit any such crimes. The local office shall provide such agency with a detailed description of the report received. In such cases the local division office shall request the assistance of the local law enforcement agency in all aspects of the investigation of the complaint. The appropriate law enforcement agency shall either assist the division in the investigation or provide the division, within twenty-four hours, an explanation in writing detailing the reasons why it is unable to assist.

4. The local office of the division shall cause an investigation or family assessment and services approach to be initiated immediately or no later than within twenty-four hours of receipt of the report from the division, except in cases where the sole basis for the report is educational neglect. If the report indicates that educational neglect is the only complaint and there is no suspicion of other neglect or abuse, the investigation shall be initiated within seventy-two hours of receipt of the report. If the report indicates the child is in danger of serious physical harm or threat to life, an investigation shall include direct observation of the subject child within twenty-four hours of the receipt of the report. Local law enforcement shall take all necessary steps to facilitate such direct observation. If the parents of the child are not the alleged abusers, a parent of the child must be notified prior to the child being interviewed by the division. The division shall not meet with the child [at the child's school or child-care facility] **in any school building or child care facility building where abuse of such child is alleged to have occurred**. When the child is reported absent from the residence, the location and the well-being of the child shall be verified.

5. The director of the division shall name at least one chief investigator for each local division office, who shall direct the division response on any case involving a second or subsequent incident regarding the same subject child or perpetrator. The duties of a chief investigator shall include verification of direct observation of the subject child by the division and shall ensure information regarding the status of an investigation is provided to the public school district liaison. The public school district liaison shall develop protocol in conjunction with the chief investigator to ensure information regarding an investigation is shared with appropriate school personnel. The superintendent of each school district shall designate a specific person or persons to act as the public school district liaison. Should the subject child attend a nonpublic school the chief investigator shall notify the school principal of the investigation. Upon notification of an investigation, all information received by the public school district liaison or the school shall be subject to the

provisions of the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C., Section 1232g, and federal rule 34 C.F.R., Part 99.

6. The investigation shall include but not be limited to the nature, extent, and cause of the abuse or neglect; the identity and age of the person responsible for the abuse or neglect; the names and conditions of other children in the home, if any; the home environment and the relationship of the subject child to the parents or other persons responsible for the child's care; any indication of incidents of physical violence against any other household or family member; and other pertinent data.

7. When a report has been made by a person required to report under section 210.115, the division shall contact the person who made such report within forty-eight hours of the receipt of the report in order to ensure that full information has been received and to obtain any additional information or medical records, or both, that may be pertinent.

8. Upon completion of the investigation, if the division suspects that the report was made maliciously or for the purpose of harassment, the division shall refer the report and any evidence of malice or harassment to the local prosecuting or circuit attorney.

9. Multidisciplinary teams shall be used whenever conducting the investigation as determined by the division in conjunction with local law enforcement. Multidisciplinary teams shall be used in providing protective or preventive social services, including the services of law enforcement, a liaison of the local public school, the juvenile officer, the juvenile court, and other agencies, both public and private.

10. If the appropriate local division personnel determine after an investigation has begun that completing an investigation is not appropriate, the division shall conduct a family assessment and services approach. The division shall provide written notification to local law enforcement prior to terminating any investigative process. The reason for the termination of the investigative process shall be documented in the record of the division and the written notification submitted to local law enforcement. Such notification shall not preclude nor prevent any investigation by law enforcement.

11. If the appropriate local division personnel determines to use a family assessment and services approach, the division shall:

(1) Assess any service needs of the family. The assessment of risk and service needs shall be based on information gathered from the family and other sources;

(2) Provide services which are voluntary and time-limited unless it is determined by the division based on the assessment of risk that there will be a high risk of abuse or neglect if the family refuses to accept the services. The division shall identify services for families where it is determined that the child is at high risk of future abuse or neglect. The division shall thoroughly document in the record its attempt to provide voluntary services and the reasons these services are important to reduce the risk of future abuse or neglect to the child. If the family continues to refuse voluntary services or the child needs to be protected, the division may commence an investigation;

(3) Commence an immediate investigation if at any time during the family assessment and services approach the division determines that an investigation, as delineated in sections 210.109 to 210.183, is required. The division staff who have conducted the assessment may remain involved in the provision of services to the child and family;

(4) Document at the time the case is closed, the outcome of the family assessment and services approach, any service provided and the removal of risk to the child, if it existed.

12. Within thirty days of an oral report of abuse or neglect, the local office shall update the information in the information system. The information system shall contain, at a minimum, the determination made by the division as a result of the investigation, identifying information on the subjects of the report, those responsible for the care of the subject child and other relevant dispositional information. The division shall complete all investigations within thirty days, unless good cause for the failure to complete the investigation is documented in the information system. If the

investigation is not completed within thirty days, the information system shall be updated at regular intervals and upon the completion of the investigation. The information in the information system shall be updated to reflect any subsequent findings, including any changes to the findings based on an administrative or judicial hearing on the matter.

13. A person required to report under section 210.115 to the division shall be informed by the division of his right to obtain information concerning the disposition of his or her report. Such person shall receive, from the local office, if requested, information on the general disposition of his or her report. A person required to report to the division pursuant to section 210.115 may receive, if requested, findings and information concerning the case. Such release of information shall be at the discretion of the director based upon a review of the mandated reporter's ability to assist in protecting the child or the potential harm to the child or other children within the family. The local office shall respond to the request within forty-five days. The findings shall be made available to the mandated reporter within five days of the outcome of the investigation.

14. In any judicial proceeding involving the custody of a child the fact that a report may have been made pursuant to sections 210.109 to 210.183 shall not be admissible. However, nothing in this subsection shall prohibit the introduction of evidence from independent sources to support the allegations that may have caused a report to have been made.

15. In any judicial proceeding involving the custody of a child where the court determines that the child is in need of services pursuant to subdivision (d) of subsection 1 of section 211.031, RSMo, and has taken jurisdiction, the child's parent, guardian or custodian shall not be entered into the registry.

16. The division of family services is hereby granted the authority to promulgate rules and regulations pursuant to the provisions of section 207.021, RSMo, and chapter 536, RSMo, to carry out the provisions of sections 210.109 to 210.183.

17. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void."; and

Further amend said line by inserting after "168.515" the following "**and 210.145**"; and

"160.545. 1. There is hereby established within the department of elementary and secondary education the "A+ Schools Program" to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

(1) All students be graduated from school;

(2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and

(3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

(1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and

(2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

(3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and

(4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

(5) Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall

The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

4. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092, RSMo, and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school as determined by rule of the state board of education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of said board.

7. The commissioner of education shall develop a procedure for evaluating the effectiveness of the program described in this section. Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

CONCURRENT RESOLUTIONS

SENATE CONCURRENT RESOLUTION NO. 50

WHEREAS, good health is important to every citizen of the world and access to the highest standards of health information and services is necessary to improve the public health; and

WHEREAS, direct and unobstructed participation in international health cooperation forums and programs is beneficial for all parts of the world, especially today with the great potential for the cross-border spread of various infectious diseases such as the human immunodeficiency virus (HIV), tuberculosis, and malaria; and

WHEREAS, Taiwan's population of 23,500,000 people is greater than three-fourths of the member states already in the World Health Organization (WHO); and

WHEREAS, Taiwan's achievements in the field of health are substantial, including:

(1) Attaining one of the highest life expectancy levels in Asia, and maternal and infant mortality rates comparable to those of western countries; and

(2) Eradicating such infectious diseases as cholera, smallpox, the plague, and polio; and

(3) Providing children with hepatitis B vaccinations; and

WHEREAS, the United States Centers for Disease Control and Prevention and its counterpart agencies in Taiwan have enjoyed close collaboration on a wide range of public health issues; and

WHEREAS, in recent years Taiwan has expressed a willingness to assist financially and technically in international aid and health activities supported by the WHO; and

WHEREAS, on January 14, 2001, an earthquake, registering between 7.6 and 7.9 of the Richter scale, struck El Salvador. In response, the Taiwanese Government sent two rescue teams, consisting of ninety individuals specializing in firefighting, medicine, and civil engineering. The Taiwanese Ministry of Foreign Affairs also donated \$200,000 in relief aid to the Salvadoran Government; and

WHEREAS, the World Health Assembly has allowed observers to participate in the activities of the organization, including the Palestine Liberation Organization in 1974, the Order of Malta, and the Holy See in the early 1950s; and

WHEREAS, the United States, in the 1994 Taiwan Policy Review, declared its intention to support Taiwan's participation in appropriate international organizations; and

WHEREAS, in light of all benefits that Taiwan's participation in WHO can bring to the state of health not only in Taiwan, but also regionally and globally, Taiwan and its 23,500,000 people should have appropriate and meaningful participation in the WHO; and

WHEREAS, in 2003, the outbreak of Severe Acute Respiratory Syndrome (SARS) caused 73 deaths in Taiwan; and

WHEREAS, avian influenza, commonly known as bird flu, has reemerged in Asia, with strains of the influenza reported by the People's Republic of China, Cambodia, Indonesia, Japan, Pakistan, South Korea, Taiwan, Thailand, Vietnam, and Laos; and

WHEREAS, the SARS and avian influenza outbreaks illustrate that disease knows no boundaries and emphasize the importance of allowing all people access to the WHO; and

WHEREAS, as the pace of globalization quickens and the spread of infectious disease accelerates, it is crucial that all people, including the people of Taiwan, be given the opportunity to participate in international health organizations such as the WHO:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-Second General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby support observer status for Taiwan at the annual week-long summit of the World Health Assembly (WHA) held by the World Health Organization (WHO) in May of each year in Geneva, Switzerland; and

SENATE CONCURRENT RESOLUTION NO. 51

Relating to recognition of the Ellis Fischel Cancer Center.

WHEREAS, on January 11, 1937, Governor Lloyd C. Stark of Missouri in his inaugural address stressed the desirability and importance of a cancer hospital, which should be available to "the humblest citizen"; and

WHEREAS, Senator Michael Kinney of St. Louis introduced a cancer hospital bill to the 59th General Assembly, a measure which was subsequently passed and signed by Governor Stark on May 28, 1937; and

WHEREAS, the bill provided for the erection and operation of the first state cancer hospital in the country and provision for the establishment of diagnostic clinics, and for the Governor to appoint a State Cancer Commission to supervise the maintenance and operation of the state's cancer program and to appoint a hospital administrator; and

WHEREAS, the cornerstone for this historic state cancer hospital was laid December 9, 1938, and the hospital opened in 1940 as the Ellis Fischel State Cancer Hospital in honor of Dr. Ellis Fischel, a St. Louis surgeon who was a staunch advocate and chairman of the Missouri State Cancer Commission who suffered an early and unfortunate death before the hospital was completed; and

WHEREAS, the Ellis Fischel State Cancer Hospital has a long and historical record of compassionate cancer treatment for the citizenry of Missouri and beyond, and of cancer outreach education and prevention activities that have engaged virtually every county in the State of Missouri; and

WHEREAS, the Ellis Fischel State Cancer Hospital, which has been owned and operated by the State of Missouri under the authority of the Missouri State Cancer Commission for fifty years, was transferred by Governor John Ashcroft from management by the Missouri Department of Health and Senior Services to that of the Curators of the University of Missouri, a sovereign entity of the State of Missouri, on November 1, 1990; and

WHEREAS, this transfer of management and the merger of the highest quality cancer research, education, and treatment programs between the staffs of the Ellis Fischel State Cancer Hospital and the Medical School of the University of Missouri-Columbia, which resulted in renaming the program the Ellis Fischel Cancer Center, has resulted in a State Cancer Hospital that provides research in the causes, prevention, and treatment of cancer of the very highest quality care for Missourians:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri Senate, Ninety-second General Assembly, the House of Representatives concurring therein, unanimously join in extending our recognition of the history and service of the Ellis Fischel Cancer Center as the designated cancer institute of the State of Missouri; and

Journal of the Senate

SECOND REGULAR SESSION

SIXTY-FIFTH DAY--WEDNESDAY, MAY 5, 2004

The Senate met pursuant to adjournment.

Senator Shields in the Chair.

Reverend Carl Gauck offered the following prayer:

"I am the Lord;...I will not leave you until I have done what I have promised you." (Genesis 28:13a, 15b)

Gracious God, we began this day in prayer and we continue now to ask You to be with us and watch over us as hours here lengthen and time left for us to act shortens. And we pray for former Senator Wiggins as he goes through probable surgery, give wisdom to the doctors and skill to those who care for him and touch him with Your healing presence. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

"644.051. 1. It is unlawful for any person:

- (1) To cause pollution of any waters of the state or to place or cause or permit to be placed any water contaminant in a location where it is reasonably certain to cause pollution of any waters of the state;
- (2) To discharge any water contaminants into any waters of the state which reduce the quality of such waters below the water quality standards established by the commission;
- (3) To violate any pretreatment and toxic material control regulations, or to discharge any water contaminants into any waters of the state which exceed effluent regulations or permit provisions as established by the commission or required by any federal water pollution control act;
- (4) To discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the waters

of the state.

2. It shall be unlawful for any person to build, erect, alter, replace, operate, use or maintain any water contaminant or point source in this state that is subject to standards, rules or regulations promulgated pursuant to the provisions of sections 644.006 to 644.141 unless such person holds a permit from the commission, subject to such exceptions as the commission may prescribe by rule or regulation. However, no permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works.

3. Every proposed water contaminant or point source which, when constructed or installed or established, will be subject to any federal water pollution control act or sections 644.006 to 644.141 or regulations promulgated pursuant to the provisions of such act shall make application to the director for a permit at least thirty days prior to the initiation of construction or installation or establishment. Every water contaminant or point source in existence when regulations or sections 644.006 to 644.141 become effective shall make application to the director for a permit within sixty days after the regulations or sections 644.006 to 644.141 become effective, whichever shall be earlier. The director shall promptly investigate each application, which investigation shall include such hearings and notice, and consideration of such comments and recommendations as required by sections 644.006 to 644.141 and any federal water pollution control act. **Notwithstanding the provisions of subsections 1 and 2 of this section to the contrary, notices of violation shall not be issued for an accidental or unintentional release of water contaminants where the water contaminants are entirely confined upon lands owned, leased, or otherwise controlled by a single person, or by two or more persons jointly or as tenants in common, and where the released water contaminants are removed, cleaned up, or remediated to the extent that any flow of water that leaves the property and enters the waters of the state does not exceed any of the standards, regulations, or limitations set forth in sections 644.006 to 644.141.** If the director determines that the source meets or will meet the requirements of sections 644.006 to 644.141 and the regulations promulgated pursuant thereto, the director shall issue a permit with such conditions as he or she deems necessary to ensure that the source will meet the requirements of sections 644.006 to 644.141 and any federal water pollution control act as it applies to sources in this state. If the director determines that the source does not meet or will not meet the requirements of either act and the regulations pursuant thereto, the director shall deny the permit pursuant to the applicable act and issue any notices required by sections 644.006 to 644.141 and any federal water pollution control act.

4. Before issuing a permit to build or enlarge a water contaminant or point source or reissuing any permit, the director shall issue such notices, conduct such hearings, and consider such factors, comments and recommendations as required by sections 644.006 to 644.141 or any federal water pollution control act. The director shall determine if any state or any provisions of any federal water pollution control act the state is required to enforce, any state or federal effluent limitations or regulations, water quality-related effluent limitations, national standards of performance, toxic and pretreatment standards, or water quality standards which apply to the source, or any such standards in the vicinity of the source, are being exceeded, and shall determine the impact on such water quality standards from the source. The director, in order to effectuate the purposes of sections 644.006 to 644.141, shall deny a permit if the source will violate any such acts, regulations, limitations or standards or will appreciably affect the water quality standards or the water quality standards are being substantially exceeded, unless the permit is issued with such conditions as to make the source comply with such requirements within an acceptable time schedule. Prior to the development or renewal of a general permit or permit by rule, for aquaculture, the director shall convene a meeting or meetings of permit holders and applicants to evaluate the impacts of permits and to discuss any terms and conditions that may be necessary to protect waters of the state. Following the discussions, the director shall finalize a draft permit that considers the comments of the meeting participants and post the draft permit on notice for public comment. The director shall concurrently post with the draft permit an explanation of the draft permit and shall identify types of facilities which are subject to the permit conditions. Affected public or applicants for new general permits, renewed general permits or permits by rule may request a hearing with respect to the new requirements in accordance with this section. If a request for a hearing is received, the commission shall hold a hearing to receive comments on issues of significant technical merit and concerns related to the responsibilities of the Missouri clean water law. The commission shall conduct such hearings in accordance with this section. After consideration of such comments, a final action on the permit shall be rendered. The time between the date of the hearing request and the hearing itself shall not be counted as time elapsed pursuant to subdivision (1) of subsection 13 of this section.

5. The director shall grant or deny the permit within sixty days after all requirements of the Federal Water Pollution Control Act concerning issuance of permits have been satisfied unless the application does not require any permit pursuant to any federal water pollution control act. The director or the commission may require the applicant to provide and maintain such facilities or to conduct such tests and monitor effluents as necessary to determine the nature, extent, quantity or degree of water contaminant discharged or released from the source, establish and maintain records and make reports regarding such determination.

6. The director shall promptly notify the applicant in writing of his or her action and if the permit is denied state the reasons therefor. The applicant may appeal to the commission from the denial of a permit or from any condition in any permit by filing notice of appeal with the commission within thirty days of the notice of denial or issuance of the permit. The commission shall set the matter for hearing not less than thirty days after the notice of appeal is filed. In no event shall a permit constitute permission to violate the law or any standard, rule or regulation promulgated pursuant thereto.

7. In any hearing held pursuant to this section the burden of proof is on the applicant for a permit. Any decision of the commission made pursuant to a hearing held pursuant to this section is subject to judicial review as provided in section 644.071.

8. In any event, no permit issued pursuant to this section shall be issued if properly objected to by the federal government or any agency authorized to object pursuant to any federal water pollution control act unless the application does not require any permit pursuant to any federal water pollution control act.

9. Unless a site-specific permit is requested by the applicant, aquaculture facilities shall be governed by a general permit issued pursuant to this section with a fee not to exceed two hundred fifty dollars pursuant to subdivision (5) of subsection 6 of section 644.052. However, any aquaculture facility which materially violates the conditions and requirements of such permit may be required to obtain a site-specific permit.

10. No manufacturing or processing plant or operating location shall be required to pay more than one operating fee. Operating permits shall be

issued for a period not to exceed five years after date of issuance, except that general permits shall be issued for a five-year period, and also except that neither a construction nor an annual permit shall be required for a single residence's waste treatment facilities. Applications for renewal of an operating permit shall be filed at least one hundred eighty days prior to the expiration of the existing permit.

11. Every permit issued to municipal or any publicly owned treatment works or facility shall require the permittee to provide the clean water commission with adequate notice of any substantial new introductions of water contaminants or pollutants into such works or facility from any source for which such notice is required by sections 644.006 to 644.141 or any federal water pollution control act. Such permit shall also require the permittee to notify the clean water commission of any substantial change in volume or character of water contaminants or pollutants being introduced into its treatment works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility and the anticipated impact of such introduction on the quality or quantity of effluent to be released from such works or facility into waters of the state.

12. The director or the commission may require the filing or posting of a bond as a condition for the issuance of permits for construction of temporary or future water treatment facilities in an amount determined by the commission to be sufficient to ensure compliance with all provisions of sections 644.006 to 644.141, and any rules or regulations of the commission and any condition as to such construction in the permit. The bond shall be signed by the applicant as

principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission.

The bond shall remain in effect until the terms and conditions of the permit are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

13. (1) The department shall issue or deny applications for construction and site-specific operating permits received after January 1, 2001, within one hundred eighty days of the department's receipt of an application. For general construction and operating permit applications received after January 1, 2001, that do not require a public participation process, the department shall issue or deny the requested permits within sixty days of the department's receipt of an application.

(2) If the department fails to issue or deny with good cause a construction or operating permit application within the time frames established in subdivision (1) of this subsection, the department shall refund the full amount of the initial application fee within forty-five days of failure to meet the established time frame. If the department fails to refund the application fee within forty-five days, the refund amount shall accrue interest at a rate established pursuant to section 32.065, RSMo.

(3) Permit fee disputes may be appealed to the commission within thirty days of the date established in subdivision (2) of this subsection. If the applicant prevails in a permit fee dispute appealed to the commission, the commission may order the director to refund the applicant's permit fee plus interest and reasonable attorney's fees as provided in sections 536.085 and 536.087, RSMo. A refund of the initial application or annual fee does not waive the applicant's responsibility to pay any annual fees due each year following issuance of a permit.

(4) No later than December 31, 2001, the commission shall promulgate regulations defining shorter review time periods than the time frames established in subdivision (1) of this subsection, when appropriate, for different classes of construction and operating permits. In no case shall commission regulations adopt permit review times that exceed the time frames established in subdivision (1) of this subsection. The department's failure to comply with the commission's permit review time periods shall result in a refund of said permit fees as set forth in subdivision (2) of this subsection. On a semiannual basis, the department shall submit to the commission a report which describes the different classes of permits and reports on the number of days it took the department to issue each permit from the date of receipt of the application and show averages for each different class of permits.

(5) During the department's technical review of the application, the department may request the applicant submit supplemental or additional information necessary for adequate permit review. The department's technical review letter shall contain a sufficient description of the type of additional information needed to comply with the application requirements.

(6) Nothing in this subsection shall be interpreted to mean that inaction on a permit application shall be grounds to violate any provisions of sections 644.006 to 644.141 or any rules promulgated pursuant to sections 644.006 to 644.141.

14. The department shall respond to all requests for individual certification under Section 401 of the Federal Clean Water Act within the lesser of sixty days or the allowed response period established pursuant to applicable federal regulations without request for an extension period unless such extension is determined by the commission to be necessary to evaluate significant impacts on water quality standards and the commission establishes a timetable for completion of such evaluation in a period of no more than one hundred eighty days.

15. All permit fees generated pursuant to this chapter shall not be used for the development or expansion of total maximum daily loads studies on either the Missouri or Mississippi rivers."; and

Further amend the title and enacting clause accordingly.

Senator Cauthorn moved that the above amendment be adopted.

At the request of Senator Cauthorn, **HCS** for **HB 1177**, with **SCS** and **SA 5** (pending), was placed on the Informal Calendar.

(1) "Abandoned well", a well shall be deemed abandoned which is in such a state of disrepair that continued use for the purpose of thermal recovery or obtaining groundwater is impractical and which has not been in use for a period of two years or more. The term "abandoned well" includes a test hole or a monitoring well which was drilled in the exploration for minerals, or for geological, water quality or hydrologic data from the time that it is no longer used for exploratory purposes and that has not been plugged in accordance with rules and regulations pursuant to sections 256.600 to 256.640;

[67.493. Of the funds available to the trust, a minimum of five percent of the funds, not to exceed an unallocated balance of five hundred thousand dollars rolled over from the previous fiscal year, shall be set aside annually for the SNAP grant program. Of the remaining funds seventy- five percent calculated on a rolling three-year average shall be set aside for priority comeback projects. The balance of the funds shall be used to indirectly or directly benefit priority comeback communities or residents of those areas by utilizing such funds to:

HOUSE SUBSTITUTE AMENDMENT NO. 1
FOR HOUSE AMENDMENT NO. 1

Amend House Substitute for Senate Bill No. 932, Page 55, Section 287.957, Line 25, by inserting after all of said line the following:

"288.050. 1. Notwithstanding the other provisions of this law, a claimant shall be disqualified for waiting week credit or benefits until after the claimant has earned wages for work insured pursuant to the unemployment compensation laws of any state equal to ten times the claimant's weekly benefit amount if the deputy finds:

(1) That the claimant has left work voluntarily without good cause attributable to such work or to the claimant's employer; except that the claimant shall not be disqualified:

(a) If the deputy finds the claimant quit such work for the purpose of accepting a more remunerative job which the claimant did accept and earn some wages therein;

(b) If the claimant quit temporary work to return to such claimant's regular employer; or

(c) If the deputy finds the individual quit work, which would have been determined not suitable in accordance with paragraphs (a) and (b) of subdivision (3) of this subsection, within twenty-eight calendar days of the first day worked; or

(d) As to initial claims filed after December 31, 1988, if the claimant presents evidence supported by competent medical proof that she was forced to leave her work because of pregnancy, notified her employer of such necessity as soon as practical under the circumstances, and returned to that employer and offered her services to that employer as soon as she was physically able to return to work, as certified by a licensed and practicing physician, but in no event later than ninety days after the termination of the pregnancy. An employee shall have been employed for at least one year with the same employer before she may be provided benefits pursuant to the provisions of this paragraph;

(2) That the claimant has retired pursuant to the terms of a labor agreement between the claimant's employer and a union duly elected by the employees as their official representative or in accordance with an established policy of the claimant's employer; or

(3) That the claimant failed without good cause either to apply for available suitable work when so directed by the deputy, or to accept suitable work when offered the claimant, either through the division or directly by an employer by whom the individual was formerly employed, or to return to the individual's customary self-employment, if any, when so directed by the deputy.

(a) In determining whether or not any work is suitable for an individual, the division shall consider, among other factors and in addition to those enumerated in paragraph (b) of this subdivision, the degree of risk involved to the individual's health, safety and morals, the individual's physical fitness and prior training, the individual's experience and prior earnings, the individual's length of unemployment, the individual's prospects for securing work in the individual's customary occupation, the distance of available work from the individual's residence and the individual's prospect of obtaining local work; except that, if an individual has moved from the locality in which the individual actually resided when such individual was last employed to a place where there is less probability of the individual's employment at such individual's usual type of work and which is more distant from or otherwise less accessible to the community in which the individual was last employed, work offered by the individual's most recent employer if similar to that which such individual performed in such individual's last employment and at wages, hours, and working conditions which are substantially similar to those prevailing for similar work in such community, or any work which the individual is capable of performing at the wages prevailing for such work in the locality to which the individual has moved, if not hazardous to such individual's health, safety or morals, shall be deemed suitable for the individual;

(b) Notwithstanding any other provisions of this law, no work shall be deemed suitable and benefits shall not be denied pursuant to this law to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

a. If the position offered is vacant due directly to a strike, lockout, or other labor dispute;

b. If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

c. If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

2. [Notwithstanding the other provisions of this law,] If a deputy finds that a claimant has been discharged for misconduct connected with the claimant's work, such claimant[, depending upon the seriousness of the misconduct as determined by the deputy according to the circumstances in each case,] shall be disqualified for waiting week credit or benefits [for not less than four nor more than sixteen weeks for which the claimant claims benefits and is otherwise eligible], **and no benefits shall be paid nor shall the cost of any benefits be charged against any employer for any period of employment within the base period until the claimant has earned wages for work insured under the unemployment laws of this state or any other state as prescribed in this section.** In addition to the disqualification for benefits pursuant to this provision the division may in the more aggravated cases of misconduct, cancel all or any part of the individual's wage credits, which were established through the individual's employment by the employer who discharged such individual, according to the seriousness of the misconduct. A disqualification provided for pursuant to this subsection shall not apply to any week which occurs after the claimant has earned wages for work insured pursuant to the unemployment compensation laws of any state in an amount equal to eight times the claimant's weekly benefit amount. **Should a claimant be disqualified on a second or subsequent occasion within the base period or subsequent to the base period the claimant shall be required to earn wages in an amount equal to or in excess of eight times the claimant's weekly benefit amount for each disqualification, such additionally required wages shall run consecutively. For the purpose of this chapter, a professionally administered and documented positive chemical test result for a controlled substance as defined under section 195.010, RSMo, or for blood alcohol content of eight-hundredths of one percent or more by weight of alcohol in the claimant's blood shall be deemed misconduct connected with work.**

3. [A pattern of] Absenteeism or tardiness may constitute misconduct regardless of whether the last incident alone [which results] **resulting** in the discharge constitutes misconduct.

4. Notwithstanding the provisions of subsection 1 of this section, a claimant may not be determined to be disqualified for benefits because the claimant is in training approved pursuant to section 236 of the Trade Act of 1974, as amended, (19 U.S.C.A. Sec. 2296, as amended), or because the claimant left work which was not "suitable employment" to enter such training. For the purposes of this subsection "suitable employment" means, with respect to a worker, work of a substantially equal or higher skill level than the worker's past adversely affected employment, and wages for such work at not less than eighty percent of the worker's average weekly wage as determined for the purposes of the Trade Act of 1974."; and

The manner in which disputed determinations, referred claims, and petitions for reassessment shall be presented and the conduct of hearings shall be in accordance with regulations prescribed by the division for determining the rights of the parties, whether or not such regulations conform to common law or statutory rules of evidence and other technical rules of procedure. When the same or substantially similar evidence is relevant and material to the matters in

All testimony at any hearing shall be recorded but need not be transcribed unless the matter is further appealed.

The appeals tribunal shall promptly notify the interested parties of its decision upon such petition together with its reason therefor. In addition, in any case wherein the appellant, after having been duly notified of the date, time, and place of the hearing, shall fail to appear at such hearing, the appeals tribunal may enter an order dismissing the appeal. 6. Subject to the provisions of section 50.565 the county commission may create a fund to be known as "The County Law Enforcement Restitution Fund".

7. The county commission may create other funds as are necessary from time to time.

50.565. 1. A county commission may establish by ordinance or order a fund whose proceeds may be expended only for the purposes provided for in subsection 3 of this section. The fund shall be designated as a county law enforcement restitution fund and shall be under the supervision of a board of trustees consisting of two citizens of the county appointed by the presiding commissioner of the county, two citizens of the county appointed by the sheriff of the county, and one citizen of the county appointed by the county coroner or medical examiner. The citizens so appointed shall not be current or former employees of the sheriff's department, the office of the prosecuting attorney for the county, or the county treasurer's office. If a county does not have a coroner or medical examiner, the county treasurer shall appoint one citizen to the board of trustees.

2. Money from the county law enforcement restitution fund shall only be expended upon the approval of a majority of the members of the county law enforcement restitution fund's board of trustees and only for the purposes provided for by subsection 3 of this section.

3. Money from the county law enforcement restitution fund shall only be expended for the following purposes:

4. The county commission may not reduce any law enforcement agency's budget as a result of funds the law enforcement agency receives from the county law enforcement restitution fund. The restitution fund is to be used only as a supplement to the law enforcement agency's funding received from other county, state, or federal funds.

5. County law enforcement restitution funds shall be audited as are all other county funds.

6. No court may order the assessment and payment authorized by this section if the plea of guilty or the finding of guilt is to the charge of speeding, careless and imprudent driving, any charge of violating a traffic control signal or sign, or any charge which is a class C misdemeanor or an infraction. No assessment and payment ordered pursuant to this section may exceed three hundred dollars for any charged offense."; and

Further amend said bill, page 2, section 556.037, line 2, by inserting after all of said line the following:

"558.019. 1. This section shall not be construed to affect the powers of the governor under article IV, section 7, of the Missouri Constitution. This statute shall not affect those provisions of section 565.020, RSMo, section 558.018 or section 571.015, RSMo, which set minimum terms of sentences, or the provisions of section 559.115, RSMo, relating to probation.

2. The provisions of subsections 2 to 5 of this section shall be applicable to all classes of felonies except those set forth in chapter 195, RSMo, and those otherwise excluded in subsection 1 of this section. For the purposes of this section, "prison commitment" means and is the receipt by the department of corrections of an offender after sentencing. For purposes of this section, prior prison commitments to the department of corrections shall not include commitment to a

regimented discipline program established pursuant to section 217.378, RSMo. Other provisions of the law to the contrary notwithstanding, any offender who has pleaded guilty to or has been found guilty of a felony other than a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve the following minimum prison terms:

(1) If the offender has one previous prison commitment to the department of corrections for a felony offense, the minimum prison term which the offender must serve shall be forty percent of his or her sentence or until the offender attains seventy years of age, and has served at least thirty percent of the sentence imposed, whichever occurs first;

(2) If the offender has two previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the offender must serve shall be fifty percent of his or her sentence or until the offender attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first;

(3) If the offender has three or more previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the offender must serve shall be eighty percent of his or her sentence or until the offender attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

3. Other provisions of the law to the contrary notwithstanding, any offender who has pleaded guilty to or has been found guilty of a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve a minimum prison term of eighty-five percent of the sentence imposed by the court or until the offender attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

4. For the purpose of determining the minimum prison term to be served, the following calculations shall apply:

(1) A sentence of life shall be calculated to be thirty years;

(2) Any sentence either alone or in the aggregate with other consecutive sentences for crimes committed at or near the same time which is over seventy-five years shall be calculated to be seventy-five years.

5. For purposes of this section, the term "minimum prison term" shall mean time required to be served by the offender before he or she is eligible for parole, conditional release or other early release by the department of corrections. Except that the board of probation and parole, in the case of consecutive sentences imposed at the same time pursuant to a course of conduct constituting a common scheme or plan, shall be authorized to convert consecutive sentences to concurrent sentences, when the board finds, after hearing with notice to the prosecuting or circuit attorney, that the sum of the terms results in an unreasonably excessive total term, taking into consideration all factors related to the crime or crimes committed and the sentences received by others similarly situated.

6. (1) A sentencing advisory commission is hereby created to consist of eleven members. One member shall be appointed by the speaker of the house. One member shall be appointed by the president pro tem of the senate. One member shall be the director of the department of corrections. Six members shall be appointed by and serve at the pleasure of the governor from among the following: the public defender commission; private citizens; a private member of the Missouri Bar; the board of probation and parole; and a prosecutor. Two members shall be appointed by the supreme court, one from a metropolitan area and one from a rural area. All members shall be appointed to a four-year term. All members of the sentencing commission appointed prior to August 28, 1994, shall continue to serve on the sentencing advisory commission at the pleasure of the governor.

(2) The commission shall study sentencing practices in the circuit courts throughout the state for the purpose of determining whether and to what extent disparities exist among the various circuit courts with respect to the length of sentences imposed and the use of probation for offenders convicted of the same or similar crimes and with similar criminal histories. The commission shall also study and examine whether and to what extent sentencing disparity among economic and social classes exists in relation to the sentence of death and if so, the reasons therefor sentences are comparable to other states, if the length of the sentence is appropriate, and the rate of rehabilitation based on

sentence. It shall compile statistics, examine cases, draw conclusions, and perform other duties relevant to the research and investigation of disparities in death penalty sentencing among economic and social classes.

(3) The commission shall establish a system of recommended sentences, within the statutory minimum and maximum sentences provided by law for each felony committed under the laws of this state. This system of recommended sentences shall be distributed to all sentencing courts within the state of Missouri. The recommended sentence for each crime shall take into account, but not be limited to, the following factors:

- (a) The nature and severity of each offense;
 - (b) The record of prior offenses by the offender;
 - (c) The data gathered by the commission showing the duration and nature of sentences imposed for each crime; and
 - (d) The resources of the department of corrections and other authorities to carry out the punishments that are imposed.
- (4) The commission shall study alternative sentences, prison work programs, work release, home-based incarceration, probation and parole options, and any other programs and report the feasibility of these options in Missouri.
- (5) The commission shall publish and distribute its recommendations on or before July 1, 2004. The commission shall study the implementation and use of the recommendations until July 1, 2005, and return a report to the governor, the speaker of the house of representatives, and the president pro tem of the senate. Following the July 1, 2005, report, the commission shall revise the recommended sentences every two years.
- (6) The governor shall select a chairperson who shall call meetings of the commission as required or permitted pursuant to the purpose of the sentencing commission.
- (7) The members of the commission shall not receive compensation for their duties on the commission, but shall be reimbursed for actual and necessary expenses incurred in the performance of these duties and for which they are not reimbursed by reason of their other paid positions.
- (8) The circuit and associate circuit courts of this state, the office of the state courts administrator, the department of public safety, and the department of corrections shall cooperate with the commission by providing information or access to information needed by the commission. The office of the state courts administrator will provide needed staffing resources.

7. Courts shall retain discretion to lower or exceed the sentence recommended by the commission as otherwise allowable by law, and to order restorative justice methods, when applicable.

8. If the imposition or execution of a sentence is suspended, the court may order any or all of the following restorative justice methods, or any other method that the court finds just or appropriate:

- (1) Restitution to any victim **or a statutorily created fund** for costs incurred as a result of the offender's actions;
- (2) Offender treatment programs;
- (3) Mandatory community service;
- (4) Work release programs in local facilities; and
- (5) Community-based residential and nonresidential programs.

9. The provisions of this section shall apply only to offenses occurring on or after August 28, 2003.

10. Pursuant to subdivision (1) of subsection 8 of this section, the court may order the assessment and payment of a designated amount of restitution to a county law enforcement restitution fund established by the county

commission pursuant to section 50.565, RSMo. Such contribution shall not exceed two hundred seventy-five dollars for any charged offense. Any restitution moneys deposited into the county law enforcement restitution fund pursuant to this section shall only be expended pursuant to the provisions of section 50.565, RSMo.

11. A judge may order payment to a restitution fund only if such fund had been created by ordinance or resolution of a county of the state of Missouri prior to sentencing. A judge shall not have any direct supervisory authority or administrative control over any fund to which the judge is ordering a defendant to make payment.

12. A defendant who fails to make a payment to a county law enforcement restitution fund may not have his or her probation revoked solely for failing to make such payment unless the judge, after evidentiary hearing, makes a finding supported by a preponderance of the evidence that the defendant either willfully refused to make the payment or that the defendant willfully, intentionally, and purposefully failed to make sufficient bona fide efforts to acquire the resources to pay.

559.021. 1. The conditions of probation shall be such as the court in its discretion deems reasonably necessary to ensure that the defendant will not again violate the law. When a defendant is placed on probation he shall be given a certificate explicitly stating the conditions on which he is being released.

2. In addition to such other authority as exists to order conditions of probation, the court may order such conditions as the court believes will serve to compensate the victim, any dependent of the victim, **any statutorily created fund for costs incurred as a result of the offender's actions**, or society. Such conditions may include **restorative justice methods pursuant to section 217.777, RSMo, or any other method that the court finds just or appropriate including**, but [shall] not [be] limited to:

(1) Restitution to the victim or any dependent of the victim, **or statutorily created fund for costs incurred as a result of the offender's actions** in an amount to be determined by the judge; [and]

(2) The performance of a designated amount of free work for a public or charitable purpose, or purposes, as determined by the judge;

(3) Offender treatment programs;

(4) Work release programs in local facilities; and

(5) Community-based residential and nonresidential programs.

3. The defendant may refuse probation conditioned on the performance of free work. If he does so, the court shall decide the extent or duration of sentence or other disposition to be imposed and render judgment accordingly. Any county, city, person, organization, or agency, or employee of a county, city, organization or agency charged with the supervision of such free work or who benefits from its performance shall be immune from any suit by the defendant or any person deriving a cause of action from him if such cause of action arises from such supervision of performance, except for an intentional tort or gross negligence. The services performed by the defendant shall not be deemed employment within the meaning of the provisions of chapter 288, RSMo. A defendant performing services pursuant to this section shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo.

4. In addition to such other authority as exists to order conditions of probation, in the case of a plea of guilty or a finding of guilt, the court may order the assessment and payment of a designated amount of restitution to a county law enforcement restitution fund established by the county commission pursuant to section 50.565, RSMo. Such contribution shall not exceed two hundred seventy-five dollars for any charged offense. Any restitution moneys deposited into the county law enforcement restitution fund pursuant to this section shall only be expended pursuant to the provisions of section 50.565, RSMo.

5. A judge may order payment to a restitution fund only if such fund had been created by ordinance or resolution of a county of the state of Missouri prior to sentencing. A judge shall not have any direct supervisory authority or administrative control over any fund to which the judge is ordering a defendant to make payment.

6. A defendant who fails to make a payment to a county law enforcement restitution fund may not have his or her probation revoked solely for failing to make such payment unless the judge, after evidentiary hearing, makes a finding supported by a preponderance of the evidence that the defendant either willfully refused to make the payment or that the defendant willfully, intentionally, and purposefully failed to make sufficient bona fide efforts to acquire the resources to pay.

7. The court may modify or enlarge the conditions of probation at any time prior to the expiration or termination of the probation term."; and

Further amend the title and enacting clause accordingly.

Senator Childers moved that the above amendment be adopted, which motion prevailed.

Senator Champion offered **SA 9**:

2. The installer license obtained from the commission shall be the only installer license required for installing manufactured homes within this state. No political subdivision of this state may issue an installer license or require additional professional licensure of installers already licensed by the commission.

3. Manufactured home dealers and manufactured home manufacturers who do not subcontract with a licensed installer and who perform installations themselves or through direct agents or employees shall have at least one agent or employee who is a licensed installer.

4. Any corporation, partnership, or other legal entity that performs installation shall have at least one supervising agent who is a licensed installer.

5. A license to install manufactured homes is not required for a person who installs a manufactured home on his or her property for his or her own occupancy or who is a direct agent of a licensee, working under the licensee's supervision and within the licensee's job scope. The licensed installer is responsible for supervising all such agents for their competent and proper performance.

700.659. 1. The commission shall issue an installer license to an applicant who:

- (1) Files a written application with the commission on a form approved by the commission;
- (2) Is at least eighteen years old;
- (3) Is of good moral character;

(4) Presents evidence that he or she has completed a training program approved by the commission;

(5) Has attained a passing grade upon an examination, approved by the commission, that is designed to test the skills necessary to properly perform as an installer and to ascertain the adequacy of the applicant's knowledge of federal and state laws applicable to manufactured home installation. The commission may establish what constitutes a passing grade for the examination; and

(6) Pays all fees as required by sections 700.650 to 700.680 and by commission rule.

2. In addition to fulfilling the requirements of subsection 1 of this section, an applicant who is not an agent of a dealer or manufacturer shall obtain and show proof of a certificate of insurance for workers' compensation coverage.

3. In addition to fulfilling the requirements of subsection 1 of this section, an applicant who is an agent of a dealer or manufacturer shall show proof of general liability insurance in an amount of at least three hundred thousand dollars.

4. An installer license shall be valid for a period of time determined by the commission, but not for less than one year, and it may be renewed accordingly.

700.662. 1. The commission may waive the training and examination requirements of subsection 1 of section 700.659 and grant an installer license to an applicant who pays the applicable fee and demonstrates to the commission's satisfaction that his or her current license, registration, or certification requirements as an installer in another state, the District of Columbia, or territories of the United States substantially meets or exceeds the requirements in sections 700.650 to 700.680.

2. The commission may negotiate reciprocal agreements that allow licensed installers in Missouri to become licensed in other states, the District of Columbia, or territories of the United States.

700.665. Upon payment of an applicable fee, the commission may issue a limited use installer license to an applicant not otherwise licensed pursuant to sections 700.650 to 700.680 who already has installation experience but who has not met the training and examination requirements for licensure. The limited use installer license shall allow the person to install manufactured homes under the supervision of a person currently licensed pursuant to sections 700.650 to 700.680. The limited use license shall expire when the commission issues an installer license to the applicant or if the applicant fails to attain a passing grade on the examination. The commission may renew an applicant's limited use license one time.

700.668. 1. The commission shall mail a renewal notice to the last known address of each installer licensee prior to the renewal date and shall establish procedures and requirements, including proof of continuing education, for renewing an installer license. The commission shall renew the license of a licensee who fulfills these requirements before the expiration date of his or her license and within a time period determined by the commission. The commission shall deny renewal to a licensee who does not fulfill these requirements.

2. Within ten days of receiving notification, a licensee shall notify the commission in writing of the cancellation, termination, or nonrenewal of any workers' compensation coverage or general liability insurance required by section 700.659. The commission may suspend an installer license until the licensee provides proof that the insurance coverage is restored.

3. Upon a licensee's written request, the commission may grant inactive status to a licensee, if the person meets the licensing requirements in sections 700.650 to 700.680 and:

(1) Does not install manufactured homes, except as allowed pursuant to section 700.659;

(2) Does not hold himself or herself out as an installer in the state of Missouri; and

(3) Maintains continuing education requirements established by the commission.

4. The commission may establish procedures and requirements for reissuing an installer license that has lapsed, expired, or

been suspended, revoked, or placed on inactive status. The commission shall not reissue a license more than two years after its expiration date.

700.671. 1. No person shall:

(1) Falsely hold himself, herself, or a business organization out as a licensed installer;

(2) Falsely impersonate a licensed installer;

(3) Present as his or her own the installer's license of another;

(4) Knowingly give false or forged evidence to the commission;

(5) Use or attempt to use an installer license that has been suspended or revoked; or

(6) Engage in the business or act in the capacity of a licensed installer or advertise himself, herself, or a business organization as available to engage in the business or act in the capacity of an installer without being duly licensed by the commission.

2. Any person who violates any provision of this section is guilty of a class A misdemeanor.

700.674. No person licensed as an installer and no applicant shall:

(1) Obtain an installer license by fraud or misrepresentation;

(2) Be convicted of or found guilty of, or enter a plea of nolo contendere to, regardless of adjudication, a crime in any jurisdiction that directly relates to the business of performing or the ability to perform manufactured home installation;

(3) Violate any order of the commission;

(4) Commit misconduct, fraud, misrepresentation, or dishonesty in installing manufactured homes;

(5) Commit gross negligence, repeated negligence, or negligence resulting in a significant danger to life or property; or

(6) Commit violations of installation standards adopted by the commission pursuant to section 700.683.

700.677. 1. Notwithstanding any provision of law to the contrary, the commission may discipline a holder of an installer license, a holder of a limited use installer license, or any other person for any violation or combination of violations of sections 700.671 and 700.674.

2. The commission may discipline a licensee or applicant who violates any provision of section 700.674 by:

(1) Revoking a license;

(2) Suspending a license;

(3) Requiring the person to take and pass, or retake and pass, an examination approved by the commission;

(4) Placing the person on probation;

(5) Sending the person a notice of noncompliance; or

(6) Refusing to issue a license.

3. The commission may consider a complaint filed with it charging a licensed installer with a violation of the provisions of sections 700.650 to 700.680. If proven, the charges shall constitute grounds for revoking or suspending the installer license or for placing the licensed installer on probation.

4. If it refuses to issue or renew an installer license or limited use installer license, the commission shall notify the person, in writing, of:

(1) The reasons for refusal;

(2) The option to resolve the matter through the commission's alternative dispute resolution process;

(3) The opportunity to file a formal complaint with the commission if the person does not choose alternative dispute resolution or if that process fails to resolve the matter; and

(4) The right to review by the circuit court, pursuant to section 386.510, RSMo.

700.680. 1. The commission shall investigate all complaints concerning violations of sections 700.650 to 700.680 to determine if there are grounds for disciplining a holder of an installer license or limited use installer license or for refusing to issue either form of license to an applicant.

2. The commission may issue subpoenas duces tecum in order to cause any installer licensee, holder of a limited use installer license, or other person to produce records or appear as a witness in connection with an investigation or proceeding pursuant to this section.

3. In lieu of or in addition to any remedy provided in this section, the commission may file a petition in the name of the state asking a court to issue a restraining order or a writ of mandamus against any person who is or who had been violating any of the provisions of sections 700.650 to 700.680 or any rule, order, or subpoena issued by the commission.

700.683. 1. The commission shall require installers to install homes in accordance with the installation instructions provided by the manufacturer of the manufactured home. The instructions shall have been approved by the United States Department of Housing and Urban Development or one of its authorized agents pursuant to the National Manufactured Housing Construction and Safety Standards Act of 1974, as amended.

2. The commission shall adopt uniform, reasonable standards for the proper installation of manufactured homes in this state including, but not limited to, standards for the foundation, supports, anchoring, underpinning, and joining of the sections of the home. The standards shall provide for physical engineering needed to appropriately install a manufactured home on a specific site.

3. Each licensed installer shall purchase installation decals from the commission for a fee established by the commission. An installation decal shall be affixed to the manufactured home upon completion of the installation. The decal shall note the installer's license number and shall be permanently affixed to the manufactured home at a location determined by the commission.

700.686. The commission shall conduct inspections of new manufactured home installations performed by licensed installers consistent with standards adopted pursuant to section 700.683 and with requirements established by the United States Department of Housing and Urban Development.

700.689. The commission shall implement a process, by rule, consistent with Title VI of PL 106-569 and any federal regulations promulgated pursuant to that act, to resolve disputes arising among manufacturers, dealers, and installers of manufactured homes regarding responsibility for correcting or repairing defects in

manufactured homes that are reported during the one-year period beginning on the date of installation. The program shall provide for issuing appropriate orders.

700.692. 1. The commission may implement sections 700.650 to 700.692 using its own employees, using independent contractors, consistent with policies established by the office of administration, or through other private or public entities that provide a service to an applicant or licensee at the expense of the applicant, licensee, or his or her employer.

2. The commission may establish reasonable fees to cover the cost of implementing sections 700.650 to 700.692. The commission shall collect the fees and transmit them to the department of revenue for deposit in the state treasury to the credit of the "Manufactured Housing Fund" created pursuant to section 700.040.

3. The commission may promulgate any rules necessary and convenient to carry out the purposes of sections 700.650 to 700.692. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void."; and

Further amend the title and enacting clause accordingly.

Senator Caskey moved that the above amendment be adopted, which motion prevailed.

Senator Goode offered **SA 3**:

SENATE AMENDMENT NO. 3

Amend Senate Committee Substitute for House Bill No. 1493, Page 5, Section 247.172, Line 105, by inserting after all of said line the following:

"386.370. 1. The commission shall, prior to the beginning of each fiscal year beginning with the fiscal year commencing on July 1, 1947, make an estimate of the expenses to be incurred by it during such fiscal year reasonably attributable to the regulation of public utilities as provided in chapters 386, 392 and 393, RSMo, and shall also separately estimate the amount of such expenses directly attributable to such regulation of each of the following groups of public utilities: Electrical corporations, gas corporations, water corporations, heating companies and telephone corporations, telegraph corporations, sewer corporations, and any other public utility as defined in section 386.020, as well as the amount of such expenses not directly attributable to any such group.

2. The commission shall allocate to each such group of public utilities the estimated expenses directly attributable to the regulation of such group and an amount equal to such proportion of the estimated expenses not directly attributable to any group as the gross intrastate operating revenues of such group during the preceding calendar year bears to the total gross intrastate operating revenues of all public utilities subject to the jurisdiction of the commission, as aforesaid, during such calendar year. The commission shall then assess the amount so allocated to each group of public utilities, subject to reduction as herein provided, to the public utilities in such group in proportion to their respective gross intrastate operating revenues during the preceding calendar year, except that the total amount so assessed to all such public utilities shall not exceed one-fourth of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission.

3. The commission shall render a statement of such assessment to each such public utility on or before July first and the amount so assessed to each such public utility shall be paid by it to the director of revenue in full on or before July fifteenth next following the rendition of such statement, except that any such public utility may at its election pay such assessment in four equal installments not later than the following dates next following the rendition of said statement, to wit: July fifteenth, October fifteenth, January fifteenth and April fifteenth. The director of revenue shall remit such

payments to the state treasurer.

4. The state treasurer shall credit such payments to a special fund, which is hereby created, to be known as "The Public Service Commission Fund", which fund, or its successor fund created pursuant to section 33.571, RSMo, shall be devoted solely to the payment of expenditures actually incurred by the commission and attributable to the regulation of such public utilities subject to the jurisdiction of the commission, as aforesaid. Any amount remaining in such special fund or its successor fund at the end of any fiscal year shall not revert to the general revenue fund, but shall be applicable by appropriation of the general assembly to the payment of such expenditures of the commission in the succeeding fiscal year and shall be applied by the commission to the reduction of the amount to be assessed to such public utilities in such succeeding fiscal year, such reduction to be allocated to each group of public utilities in proportion to the respective gross intrastate operating revenues of the respective groups during the preceding calendar year.

5. In order to enable the commission to make the allocations and assessments herein provided for, each public utility subject to the jurisdiction of the commission as aforesaid shall file with the commission, within ten days after August 28, 1996, and thereafter on or before March thirty-first of each year, a statement under oath showing its gross intrastate operating revenues for the preceding calendar year, and if any public utility shall fail to file such statement within the time aforesaid the commission shall estimate such revenue which estimate shall be binding on such public utility for the purpose of this section.

6. (1) Prior to the beginning of each fiscal year beginning with the fiscal year commencing on July 1, 2006, the commission shall request from the office of the public counsel an estimate of the costs to be incurred by the public counsel reasonably attributable to the representation of gas, water, and electrical utility customers. The commission shall assess this amount to the public utilities subject to the jurisdiction of the commission, subject to reduction as herein provided, in proportion to their respective gross intrastate operating revenues during the preceding calendar year; provided that the total amount so assessed on behalf of public counsel shall not exceed three one-hundredths of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission.

(2) In fiscal year 2006, two-thirds of the public counsel's funding for its representation of gas, water, and electrical utility customers as established in subdivision (1) of this subsection shall be appropriated from the general revenue fund, and one-third shall come from the assessments established in subdivision (1) of this subsection. In fiscal year 2007, one-third of the public counsel's funding for its representation of gas, water, and electrical utility customers as established in subdivision (1) of this subsection shall be appropriated from the general revenue fund, and two-thirds shall come from the assessments established in subdivision (1) of this subsection. In fiscal year 2008 and all fiscal years thereafter, one hundred percent of the funding for public counsel's representation of gas, water, and electrical utility customers shall come from the assessments established in subdivision (1) of this subsection. Other functions within the office shall continue to be funded through general revenue or other appropriated funds pursuant to section 386.710.

7. The commission shall render a statement for the public counsel assessment to each such public utility on or before July first and the amount so assessed to each such public utility shall be paid by it to the director of revenue in full on or before July fifteenth next following the rendition of such statement; except that any such public utility may at its election pay such assessment in four equal installments not later than the following dates next following the rendition of such statement, to wit: July fifteenth, October fifteenth, January fifteenth, and April fifteenth. The director of revenue shall remit such payments to the state treasurer.

8. The state treasurer shall credit payments received for the public counsel to a special fund, which is hereby created, to be known as the "Public Counsel Fund" with such fund to be devoted solely to the payment of expenditures actually incurred by the public counsel and attributable to its representation of utility customers. Notwithstanding the provisions of section 33.080, RSMo, any amount remaining in such special fund at the end of any fiscal year shall not revert to the general revenue fund, but shall be applicable by appropriation of the general assembly to the payment of such expenditures of the public counsel in the succeeding fiscal year and shall be applied by the commissioner to the reduction of the amount to be assessed to any such public utility in

such succeeding fiscal year.

386.385. 1. As used in this section, the term "fuel cost" means the amount paid by an electrical corporation for natural gas, oil, or coal, including the transportation thereof, used by the corporation or another entity to generate for or to supply electrical energy to the corporation.

2. Any electrical corporation, as defined in section 386.020, shall be allowed, if the commission finds it to be in the interest of both consumers and the electrical corporation, to recover all of its reasonably and prudently incurred costs for fuel delivered to its generating stations and all of its reasonably and prudently incurred costs for the variable cost component of purchased electrical energy for its retail customers through energy cost adjustment schedules designed to specifically recover such costs.

3. An electrical corporation desiring to collect its energy costs through an energy cost adjustment schedule shall file a proposed schedule with the public service commission for consideration as part of a general rate proceeding unless it has been explicitly permitted to do so by the commission after a contested proceeding.

4. The public service commission shall establish and implement a true-up mechanism, which shall accurately and appropriately remedy any over-collections or under-collections from previous adjustment periods including interest at the electrical corporation's short-term rate, through inclusion of such under or over recoveries in subsequent energy cost adjustments.

5. The public service commission shall allow modification of the energy cost adjustment schedules authorized by this section to be made every ninety days to reflect increases and decreases in fuel costs and purchased energy costs above or below the costs of such items reflected in the permanent base rates of the electrical corporation on file with and approved by the public service commission, provided that such adjustments shall not include any adjustment for the costs of fuel used to generate electricity sold at wholesale or for the revenues received from sales of electricity at wholesale. Changes in such energy cost adjustments shall be made no more often than every ninety days.

6. An electrical corporation shall not collect an energy cost adjustment for a period exceeding three years unless the electrical corporation has filed for or is the subject of a new general rate proceeding, or unless the electrical corporation has been explicitly permitted to do so by the commission after a contested proceeding. However, the energy cost adjustment may be collected until the effective date of the new rate schedules established as a result of the new general rate proceeding, or until the subject general rate proceeding is otherwise decided or dismissed by issuance of a public service commission order without new rates being established.

7. Once an electrical corporation has begun collecting costs under an energy adjustment clause the electrical corporation shall not withdraw or discontinue the use of an energy cost adjustment clause unless it has been explicitly permitted to do so by the public service commission after a contested proceeding.

8. Nothing in this section shall allow an electrical corporation to avoid any rate freeze, moratorium, or other commitments made in connection with a settlement of any prior proceeding.

9. Nothing in this section shall be construed as limiting the authority of the public service commission, during any general rate proceeding of any electrical corporation, to review and consider fuel costs, purchased electrical energy costs, or other costs, including fuel-related costs.

10. The commission may take into account any reduction in business risk to an electrical corporation resulting from the energy adjustment clause in setting the electrical corporation's allowed return in any rate proceeding.

11. The public service commission shall have authority to implement mechanisms designed to provide the electrical corporation with incentives for performance in the acquisition of fuel and purchased power and to ensure economic dispatch of electricity.

12. An electrical corporation adopting an energy adjustment clause shall at all times be required to conduct its

affairs in a reasonable and prudent manner, and its actions shall be subject to full prudence review on a periodic schedule basis to be proposed by the utility provided that such reviews shall be commenced at least once every thirty-six months, and may be combined with a general rate proceeding.

13. The commission shall adopt regulations to carry into effect the provisions of this section as it may deem necessary.

14. The provisions of this section shall take effect January 1, 2005."; and

Further amend said bill, page 6, section 386.390, line 40, by inserting after all of said line the following:

"386.900. 1. Any electrical corporation proposing to construct, lease, or invest more than ten percent of its net electric utility plant in Missouri as stated in the utility's annual report to the Missouri public service commission in any new generation plant must provide notice to the commission of its proposal pursuant to section 393.156, RSMo. The commission shall establish rules and regulations governing any competitive bidding process which it may require such corporation to engage in with respect to any such proposal and shall require such corporation to provide information regarding such process to the commission. The corporation shall identify all material for which a need for confidentiality is asserted.

2. The commission shall prescribe such rules and regulations to carry into effect the provisions of this section as it may deem necessary. No rule or portion of the rule promulgated pursuant to the provisions of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo."; and

Further amend said bill, page 10, section 393.156, line 128, by inserting after all of said line the following:

"393.190. 1. No gas corporation, electrical corporation, water corporation or sewer corporation, whether organized, existing, or incorporated under the laws of this state or organized, existing, or incorporated under the laws of another state or country, shall hereafter sell, assign, lease, transfer, mortgage, or otherwise dispose of or encumber the whole or any part of its franchise, works [or] system, or other assets necessary or useful in the performance of its duties to the public, nor by any means, direct or indirect, merge or consolidate such works or system, or franchises, or any part thereof, with any other corporation, person or public utility, without having first secured from the commission an order authorizing it so to do. Every such sale, assignment, lease, transfer, mortgage, disposition, encumbrance, merger or consolidation made other than in accordance with the order of the commission authorizing same shall be void. The permission and approval of the commission to the exercise of a franchise or permit under this chapter, or the sale, assignment, lease, transfer, mortgage or other disposition or encumbrance of a franchise or permit under this section shall not be construed to revive or validate any lapsed or invalid franchise or permit, or to enlarge or add to the powers or privileges contained in the grant of any franchise or permit, or to waive any forfeiture. Any person seeking any order under this subsection authorizing the sale, assignment, lease, transfer, merger, consolidation or other disposition, direct or indirect, of any gas corporation, electrical corporation, water corporation, or sewer corporation, shall, at the time of application for any such order, file with the commission a statement, in such form, manner and detail as the commission shall require, as to what, if any, impact such sale, assignment, lease, transfer, merger, consolidation, or other disposition will have on the tax revenues of the political subdivisions in which any structures, facilities or equipment of the corporations involved in such disposition are located. The commission shall send a copy of all information obtained by it as to what, if any, impact such sale, assignment, lease, transfer, merger, consolidation or other disposition will have on the tax revenues of various political subdivisions to the county clerk of each county in which any portion of a political subdivision which will be affected by such disposition is located. Nothing in this subsection contained shall be construed to prevent the sale, assignment, lease or other disposition by any corporation, person or public utility of a class designated in this subsection of property which is not necessary or useful in the performance of its duties to the public, and any sale of its property by such corporation, person or public utility shall be conclusively presumed to have been of property which is not useful or necessary in the performance of its duties to the public, as to any purchaser of such property in good faith for value.

2. No such corporation shall directly or indirectly acquire the stock or bonds of any other corporation incorporated for, or engaged in, the same or a similar business, or proposing to operate or operating under a franchise from the same or any other municipality; neither shall any street railroad corporation acquire the stock or bonds of any electrical

corporation, unless, in either case, authorized so to do by the commission. Save where stock shall be transferred or held for the purpose of collateral security, no stock corporation of any description, domestic or foreign, other than a gas corporation, electrical corporation, water corporation, sewer corporation or street railroad corporation, shall, without the consent of the commission, purchase or acquire, take or hold, more than ten percent of the total capital stock issued by any gas corporation, electrical corporation, water corporation or sewer corporation organized or existing under or by virtue of the laws of this state, except that a corporation now lawfully holding a majority of the capital stock of any gas corporation, electrical corporation, water corporation or sewer corporation may, with the consent of the commission, acquire and hold the remainder of the capital stock of such gas corporation, electrical corporation, water corporation or sewer corporation, or any portion thereof.

3. Nothing herein contained shall be construed to prevent the holding of stock heretofore lawfully acquired, or to prevent upon the surrender or exchange of said stock pursuant to a reorganization plan, the purchase, acquisition, taking or holding of a proportionate amount of stock of any new corporation organized to take over, at foreclosure or other sale, the property of any corporation whose stock has been thus surrendered or exchanged. Every contract, assignment, transfer or agreement for transfer of any stock by or through any person or corporation to any corporation in violation of any provision of this chapter shall be void and of no effect, and no such transfer or assignment shall be made upon the books of any such gas corporation, electrical corporation, water corporation or sewer corporation or shall be recognized as effective for any purpose."; and

Further amend the title and enacting clause accordingly.
